## **Think Of A Number John Verdon:**

**Think of a Number** John Verdon,2010-07-06 The first book in the Dave Gurney series Think of a Number is a heart pounding game of cat and mouse that grows relentlessly darker and more frightening as its pace accelerates Threatening letters arrive in the mail over a period of weeks ending with a simple declaration Think of any number picture it now see how well I know your secrets Those who comply find that the letter writer has predicted their random choice exactly But when oddities that begin as a diverting puzzle quickly ignite into a massive serial murder investigation police are confronted with a baffling killer one who is fond of rhymes filled with threats and warnings whose attention to detail is unprecedented and who has an uncanny knack for disappearing into thin air Brought in as an investigative consultant Dave Gurney a recently retired NYPD homicide investigator soon accomplishes deductive breakthroughs that leave local police in awe Yet even as he matches wits with his seemingly clairvoyant opponent Gurney s tragedy marred past rises up to haunt him his marriage approaches a dangerous precipice and he wonders if he s met an adversary who can t be stopped A work that defies easy labels at once a propulsive masterpiece of suspense and an absorbing immersion in the lives of characters so real we seem to hear their heartbeats Think of a Number is a novel you ll not soon forget    **Think of a Number** John Verdon,2010 When Dave Gurney retired NYPD homicide detective is contacted by an old college acquaintance about some startling letters he s been receiving it is at first little more than a diverting but sinister puzzle Then the acquaintance is killed Gurney finds himself in the midst of a murder investigation that makes no sense    **Let the Devil Sleep** John Verdon,2012 Consulting with a young documentary producer only to suffer a bizarre series of accidents shortly afterward decorated NYPD detective Dave Gurney discovers links to a serial killer cold case that pits him against the nation s top law enforcement experts By the author of Think of a Number 70 000 first printing    *The Times Index* ,2010 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement    **Peter Pan Must Die (Dave Gurney, No. 4)** John Verdon,2014-07-01 In John Verdon s most sensational twisty novel yet ingenious puzzle solver Dave Gurney brings his analytical brilliance to a shocking murder that couldn t have been committed the way the police say it was The daunting task that confronts Gurney once the NYPD s top homicide cop determining the guilt or innocence of a woman already convicted of shooting her charismatic politician husband who was felled by a rifle bullet to the brain while delivering the eulogy at his own mother s funeral Peeling back the layers Gurney quickly finds himself waging a dangerous battle of wits with a thoroughly corrupt investigator a disturbingly cordial mob boss a gorgeous young temptress and a bizarre assassin whose child like appearance has earned him the nickname Peter Pan Startling twists and turns occur in rapid fire sequence and soon Gurney is locked inside one of the darkest cases of his career one in which multiple murders are merely the deceptive surface under which rests a scaffolding of pure evil Beneath the tangle of poisonous lies Gurney discovers that the truth is more shocking than anyone had imagined And the identity of the

villain at the mystery s center turns out to be the biggest shock of all     **Shut Your Eyes Tight (Dave Gurney, No. 2)** John Verdon,2012-06-26 Dave Gurney retired NYPD homicide investigator is back in Shut Your Eyes Tight the sequel to the international bestseller Think of a Number Dave Gurney a few months past the Mellery case that pulled him out of retirement and then nearly killed him is trying once again to adjust to his country house s bucolic rhythms when he receives a call about a case so seductively bewildering that the thought of not looking into it seems unimaginable even if his beloved wife Madeleine would rather he do anything but The facts of what has occurred are horrible a blushing bride newly wed to an eminent psychiatrist and just minutes from hearing her congratulatory toast is found decapitated her head apparently severed by a machete Though police investigators believe that a Mexican gardener killed the young woman in a fit of jealous fury the victim s mother a chilly high society beauty is having none of it Reluctantly drawn in Dave is quickly buffeted by a series of revelations that transform the bizarrely monstrous into the monstrously bizarre Underneath it all may exist one of the darkest criminal schemes imaginable And as Gurney begins deciphering its grotesque outlines some of his most cherished assumptions about himself are challenged causing him to stare into an abyss so deep that it threatens to swallow not just him but Madeleine too     Talking Book Topics ,2014

**On Harrow Hill** John Verdon,2022-09-27 When an old colleague comes to him for help solving the mysterious death of his town s most prominent resident retired NYPD detective Dave Gurney must use all of his analytical skills to hunt a murderer who just might be killing from beyond the grave The idyllic community of Larchfield is rocked to its core when Angus Russell its wealthiest and most powerful citizen is found dead in his mansion on Harrow Hill A preliminary analysis of DNA gathered at the crime scene points to the guilt of local bad boy Billy Tate whose hatred for the victim was well known Except that Tate fell from the roof of a local church and was declared dead by the medical examiner the day before Russell was killed When police rush to the mortuary they discover Tate s coffin has been broken open from the inside and the body is gone A series of murders soon follows as Larchfield loses its collective mind Gun sales explode Conspiracy theories and religious fundamentalism spread The once peaceful town becomes a magnet for sensation seekers self proclaimed zombie hunters TV producers eager for ratings and apocalyptic preachers rallying the faithful for the end of days His quiet retirement shattered ex NYPD detective Dave Gurney finds himself not only facing down a murderer but struggling to restore order to the town rapidly spiraling out of control

**Digital Talking Books Plus** ,2012     **Wolf Lake** John Verdon,2017-06-13 Could a nightmare be used as a murder weapon That s the provocative question confronting Gurney in the thrilling new installment in this series of international bestsellers The former NYPD star homicide detective is called upon to solve a baffling puzzle Four people who live in different parts of the country and who seem to have little in common report having had the same dream a terrifying nightmare involving a bloody dagger with a carved wolf s head on the handle All four are subsequently found with their wrists cut apparent suicides and the weapon used in each case was a wolf s head dagger Police zero in quickly on Richard

Hammond a controversial psychologist who conducts hypnotherapy sessions at a spooky old Adirondack inn called Wolf Lake Lodge It seems that each of the victims had gone there to meet with Hammond shortly before turning up dead Troubled by odd holes in the official approach to the case Gurney begins his own investigation an action that puts him in the crosshairs of not only an icy murderer and the local police but the darkest corner of the federal government As ruthless as the blizzard trapping him in the sinister eeriness of Wolf Lake Gurney s enemies set out to keep him from the truth at any cost including an all out assault on the sanity of his beloved wife Madeleine With his emotional resources strained to the breaking point Gurney must throw himself into a deadly battle of wits with the most frightening opponent he has ever faced Wolf Lake is the page turning new work by a writer hailed by the New York Times as masterly and it furthers the adventures of Dave Gurney a detective reviewers have compared to Sherlock Holmes **Shut Your Eyes Tight** John Verdon,2011 ONCE A COP ALWAYS A COP Ex NYPD detective Dave Gurney is supposed to be retired But people with problems keep knocking in his door Like the police for instance who are baffled by a gruesome murder they just can t seem to solve A young bride has been killed in the middle of her own wedding reception The prime suspect her new husband s Mexican gardener is missing As is the murder weapon likely a machete used to decapitate the bride The police have drawn a blank It s as if the killer has vanished into thin air But when Gurney begins his investigations he finds that a baffling murder is just the latest of many sadistic crimes committed by an individual who ll do anything to avoid capture Praise for Think of a Number WOW Totally absorbing brilliantly written The best book I ve read this year Sun Brainy and well written a remarkable debut Sunday Times
