The Alpha and Omega of self-inquiry. P.V.S. SURYANARAYANA RAJU,2012-05-21 Self inquiry is the process of uncovering the reality which is clouded by thoughts We cannot investigate into the Self Self is oneness and a unitary whole The ignorant mind cannot investigate into the Self It is enough if we set aside the ignorant mind so that Self is uncovered Self inquiry is not a search for truth The search for truth is merely a fulfillment of belief Self inquiry is the process of understanding how thought works and nature of thinker It explores what the thinker is and his thoughts Without understanding this self isolation process which we commonly call the thinker or ego Merely caught to be in a dogma is not the uncovering beauty of Self which is life existence truth    The thinker Andrew Jackson Davis,1910    *The American Industrial Journal* ,1906
