Reading, Writing, and Racism Bree Picower, 2021-01-26 An examination of how curriculum choices can perpetuate White supremacy and radical strategies for how schools and teacher education programs can disrupt and transform racism in education When racist curriculum goes viral on social media it is typically dismissed as an isolated incident from a bad teacher Educator Bree Picower however holds that racist curriculum isn't an anomaly It's a systemic problem that reflects how Whiteness is embedded and reproduced in education In Reading Writing and Racism Picower argues that White teachers must reframe their understanding about race in order to advance racial justice and that this must begin in teacher education programs Drawing on her experience teaching and developing a program that prepares teachers to focus on social justice and antiracism Picower demonstrates how teachers' ideology of race consciously or unconsciously shapes how they teach race in the classroom She also examines current examples of racist curricula that have gone viral to demonstrate how Whiteness is entrenched in schools and how this reinforces racial hierarchies in the younger generation With a focus on institutional strategies Picower shows how racial justice can be built into programs across the teacher education pipeline from admission to induction By examining the who what why and how of racial justice teacher education she provides radical possibilities for transforming how teachers think about and teach about race in their classrooms Master the PCAT

Silent Roar Nilton Filho,2025-11-27 I didn't know I was leaving my old life Not at first It felt like any other morning too loud outside too crowded inside until something small slipped through the cracks of my attention A pause A breath I didn't remember taking A moment that didn't ask to be broadcast It wasn't an event It wasn't a revelation Just a shift so gentle it should've gone unnoticed the world exhaled and for the first time I heard it There between one heartbeat and the next something quiet touched my shoulder Not a voice Not a warning Just presence soft as early light sharp as recognition I stood perfectly still And in that stillness something inside me finally moved Maybe that's how all true beginnings arrive Not as thunder As a subtle permission you don't have to keep pretending you can't hear yourself I didn't know it yet but that was the moment everything started to unfurl the moment the noise cracked the moment the real world slipped through the moment I realized silence wasn't emptiness It was direction And it had been waiting for me all along

Rewired Larry D. Rosen,2010-03-30 This book offers insight and help to motivate and maximize learning for the Internet Generation from the coauthor of *The Distracted Mind* Eric Milou Professor of Mathematics Rowan University Look around at today's youth and you can see how technology has changed their lives They lie on their beds and study while texting and chatting online with friends and scrolling through TikTok How does the new charged up multitasking generation respond to traditional textbooks and lectures Are we effectively reaching today's technologically advanced youth *Rewired* is the first book to help educators and parents teach to this new generation's radically different learning styles and needs This book will also help parents learn what to expect from their techie children concerning school homework and even socialization In short it is a book that exposes the impact of generational differences on learning while

providing strategies for engaging students at school and at home Larry s research based positive proactive messages are a welcome relief from the unsupported fear based messages that are unfortunately also present Rewired should be considered a must read by all professionals who work with youth especially those in leadership positions Nancy Willard Director of Center for Safe and Responsible Internet Use **Journal of Developmental Education** ,2015
