Start-Up Financing. Where can a fresh entrepreneur start looking for help and financial support? Daniel Keller, 2017-09-19 Research Paper, undergraduate from the year 2016 in the subject Business economics, Company formation, Business Plans, grade 1.7, University of Applied Sciences Rosenheim, Wirtschaft course, Betriebswirtschaftliches Seminar, language: English, abstract: To have a great idea for a start-up is a very good predisposition for a successful business. Despite this amazing thought, unfortunately, a lot of start-ups fail at the beginning. According to the statistics, 34% of entrepreneurs are 20-29 years old, and 40% are between 30-39 years old. Once they start their first business, most of the people in this age

are already well educated and they do not have many savings It makes them look for alternatives which could support the first critical years of their Start up At the beginning no one wants to invest in an unknown business which leaves them with the idea of borrowing money elsewhere As a matter of fact no one wants to take a disadvantageous loan so young entrepreneurs usually ask their family and friends for help but by taking this kind of money they are putting the good friendships and relationships at stake So what are the options Where can a fresh entrepreneur start looking for help and financial support The answer should be clearer after reading this paper The goal we are trying to reach is to give a better overview of the options of financing the advantages and disadvantages of different methods and show it on real life examples One of the most important thing is to be well informed about the possibilities which are available so it may come to the realization of the original idea and building of a successful Start up In order to give a better insight on this topic we will also choose existing Start ups and analyse what methods they have used how they were implemented and what they had to give in return We will pick not only from the successful ones but also from the less fortunate businesses as it s important to understand the know how of winners just as important as to know the mistakes of others
