Banking and Equity Markets in Middle-income Countries Qaizar Hussain,1995 [The Silk Road to Riches](#) Yiannis G. Mostrou, Elliott H. Gue, Ivan D. Martchev,2006 Asia is now the world's 1 growth story Farsighted investors will realize

enormous profits by investing in companies that benefit from Asia's historic transformation. In The Silk Road to Riches a team of world class financial analysts and newsletter editors point you to the right companies the right sectors and the right strategies. You'll learn how to leverage Asia's accelerating integration into the world economy profit from the pressure that Asia's growth is placing on commodities and resources anticipate changing needs of Asian consumers in financial services health and pharmaceuticals communications and many other industries. The authors offer powerful support for several provocative claims that India not China is Asia's best investment destination that the price of gold is poised to explode and much more. They illuminate global economic changes that will decide the fate of the U.S. dollar as the world's reserve currency and present an up to the minute overview of crucial global security issues every investor must understand no matter where they invest.
