Language As Commodity Rani Rubdy,Peter Tan,2008-09-21 Throughout human history languages have been in competition with each other As the world becomes more globalized this trend increases It affects the decision making of those in positions of power and determines macro language policies and planning Often decisions about language or dialects

or language variety are related to usefulness defined in terms of their pragmatic and commercial currency or their value as symbols of socio cultural identity Languages can be modes of entry into coveted social hierarchies or strongholds of religious historical technological and political power bases Languages are seen now as commodities that carry different values in an era of globalization This volume engages with language policies and positions in relation to the roles and functions these languages adopt It examines the value of languages defined in terms of the power they have in the global marketplace as much as within the complex matrices of the local socio politics These valuations strongly underpin the various motivations that influence policy making decisions and in turn these motivations create the tensions that characterize many language related issues tensions that arise when languages become commodified
