

Typical Components of a Verbal Reasoning Test

Check how many questions you need to answer

Keep an eye on the time limit

Understand the question

The most common format for verbal tests is you have to determine if, based on the passage, a statement is either true, false, or impossible to say without further information.

The screenshot shows a test interface with a yellow header 'AssessmentDay Practice Test Expert'. Below it, 'Question 2 of 30' and 'Time remaining to test: 20:01' are displayed. A red arrow points from the text 'the passage suggests that... increase, as child-free adults reach child-bearing age.' to the question text. Another red arrow points from the question text to the three answer options: A. True, B. False, and C. Cannot say. At the bottom are 'Back' and 'Next' buttons.

the passage suggests that... increase, as child-free adults reach child-bearing age.

A. True
B. False
C. Cannot say

introduced in 1979 as a temporary measure to limit population growth. China's one child policy remains in force today and is likely to continue for another decade. China's population control policy has attracted criticism because of the manner in which it is enforced, and also because of its social repercussions. Supporters of the Chinese government's policy consider it a necessary measure to curb extreme overpopulation, which has resulted in a reduction of an estimated 300 million people in its first twenty years. Not only is a reduced population environmentally beneficial, it also increases China's per capita gross domestic product. The one-child policy has led to a disparate ratio of males to females – with abortion, sterilisation and infanticide of female infants resulting from a cultural preference for sons. Furthermore, draconian measures such as forced sterilisation are strongly also allow couples without children to have two children – a provision which applies to millions of child-free adults now of child-bearing age.

Some tests allow you to go back and forward through questions.

Important: make sure you base your answers only on the information in the passage.

The passage can be about anything and you don't have to know anything about the subject. Verbal tests assess your reasoning logic, not your learned knowledge.
