**Dating Amy** Amy DeZellar, 2008-06-11 Dating today can seem like Alice's tumble down the rabbit hole into Wonderland. Whether starting out or starting again, women face the difficult task of sorting through the good guy, the bad boy, and the ugly morning after in their search for Mr. Right. Here giving hope to smart single women everywhere is Amy DeZellar, who bravely dedicated two years of her life to debunking common dating myths and documenting 50 of her dates. She's gone wine tasting with Indentured Cats, a blind date who also happened to be blind, been accosted in a cornfield by Glitter Ball, a lounge musician who grew up with the Beatles, and found her artistic sentiments at odds with her desire for financial security when she simultaneously got involved with a painter named Harry Potter and a NASA super computer designer named Teflon, all in her quest to chronicle the dating life of a regular girl and maybe even find true love. Each of the 50 chapters is dedicated to a different date and includes the kinds of tips and sharp observations that only someone on the front lines can offer. Get ready to laugh, cry, and commiserate with Amy and learn as she did a few things about finding the perfect man. **Atlanta**, 2004-02
