FinTech in Islamic Financial Institutions M. Kabir Hassan, Mustafa Raza Rabbani, Mamunur Rashid, 2022-11-30 This book explores several challenges facing FinTech in Islamic financial institutions Firstly large banks and financial institutions in countries with updated and innovative technological channels will earn the technology arbitrage from FinTech This size puzzle may create a challenge for Islamic financial institutions that are of smaller size and from technologically less developed countries Secondly while access to FinTech is getting broader day by day usage of FinTech is still limited due to personal and governance related limitations Moreover the level of awareness of the emerging FinTech services i.e. bitcoin blockchain etc remains extremely poor even among the residents of technologically advanced countries Thirdly use of FinTech by Islamic financial institutions is limited to Islamic banking to users from developed countries among young customers and for a limited number of traditional banking services such as the deposits and payment services Also banks hope to use FinTech to increase the size of a new breed of technology savvy depositors and loan customers to achieve economies of scale which may help stabilize the banking sector Automation in Islamic banks and the participation of Islamic financial institutions in blockchain and bitcoin domains require extensive research from Shariah compliance as well as

market and consumer related grounds With all the opportunities and challenges of FinTech promoting inclusion easier loan monitoring and risk of Shariah non compliance this book explores the implications for Islamic financial institutions and will be of interest to scholars researchers and students of Islamic finance and financial technology Understanding Payments Neira Jones,2024-02-29 This is the book for professionals in the payments industry Written in an engaging and accessible style it enables new and experienced payments practitioners alike to understand the fundamentals of the various payment ecosystems and to quickly get up to speed on developments in the industry From cards to bank and alternative payments the jargon is debunked and myths are busted For each ecosystem a simple framework is used mechanics economics risks and future outlook enabling comparison and the evaluation of the best applications in different scenarios The book also provides an overview of the global regulatory landscape Drawing on real examples throughout it weaves together the underpinning ecosystem principles legislation and key stakeholders It offers readers practical advice regarding and insights into the key disciplines and equips them with an understanding of the key issues and opportunities Also including an extensive and comprehensive glossary of terms the first of its kind in the payments industry this book will be used as an essential reference for years to come Understanding Payments will enable payments practitioners private sector corporations and regulators to keep up with a fast evolving and extremely competitive industry It can be used across businesses to help train staff and as part of continuing professional development and will be useful to those involved in mergers and acquisitions investors wanting to understand the industry professional services firms law firms and consultants and policy makers **The Economics of Blockchain and Cryptocurrency** Caton, James L.,2022-10-20 This timely book is an innovative look at how blockchain technology will transform the structure of social and economic life The security of blockchain supports the provision and maintenance of reliable databases and the creation of rule based governance protocols Leading contributors expertly review the impact of blockchain on existing structures of law monetary systems supply chains and business organizations **United States of America V.
