International Coinciding with the 20th anniversary of the release of the film Rayna Denison curates this new collection to critically reflect on Princess Mononoke's significance within and beyond Japanese culture. The collection investigates the production and re-production processes involved in the making of Princess Mononoke into a global phenomenon and reevaluates the film's significance within a range of global markets, animation techniques and cultures. In revisiting this undeniably important film, the collection sheds light on the tensions within anime and the cultural and social issues that Princess Mononoke explores from environmental protection to globalization to the representation of marginalized groups. In this remarkable new collection, Princess Mononoke is examined as a key player during a major turning point in Japanese animation history.

Turning Point: 1997-2008 Hayao Miyazaki, 2021-03-16 In the mid 1990s filmmaker Hayao Miyazaki moved from success to success as his work found an audience outside of Japan. His animated films of the era including Princess Mononoke, Howl's Moving Castle and Ponyo were internationally lauded and Miyazaki won an Academy Award in 2003 for his popular and critical hit Spirited Away. Follow Miyazaki as his vision matures as cinema lovers worldwide embrace his creations and as critics such as Roger Ebert take up the cause of animation and Miyazaki's films.
