Conceptualisation of a Strategic Framework** Nils Berkemeyer,2016-05-06 Master s Thesis from the year 2015 in the subject Business economics Business Management Corporate Governance grade 1 0 Cass Business School language English abstract An increasing number of journalistic articles and academic literature deal with the struggle of established companies to fend off the attacks by industry newcomers such as Airbnb Spotify Netflix Google and many others These companies enter traditional industries with innovative business models and compete in a manner which makes it challenging for incumbent firms to understand their novel competition and respond effectively This study introduces a typology of three stages of industry disruption that

classify the newcomer's developmental stage and describe the incumbent's competitive position in terms of competition intensity and remaining time to respond. It is demonstrated how incumbents may conduct their strategic reasoning along these stages to arrive at a strategic goal and evaluate possible counter measures. *Is Iggy Azalea's Use of African-American English Cultural Appropriation? Moreover the study by Eberhardt and Freeman shall be presented in more detail. Before moving on to the empirical part of this paper where comments below the music videos Work and Fancy are analysed there shall be a short excursion on language attitudes and how to research them. Then having presented and analysed the results of the study the findings shall be discussed until finally some concluding remarks are made.
