Pray And Stay Connected To God Patience E. Iwoh, 2019-06-13 This book is an inspirational devotional and prayer guide it is written based on fresh inspiration that I have received from God in the cause of my daily walk with Him I have discovered that the more i pray the more I connect to God and hear from God And when I pray less I get disconnected from God I have also observed that Many Christians today also experience an unstable connection with God They are in and out of fellowship with God They can be on fire for God today and become lukewarm the next day This book is meant to help Christians pray and to maintain a stable connection with God The more you pray the more you connect to God There is so much evil happening in the world today that can make a Christian to easily disconnect from God Prayer is the key to maintaining a stable connection with God Pray and Stay connected to God Always May God bless you real good

**Love Can Last** Sterling Hearns, 2012-11-06 Don t wait for your relationship to be in shambles before you seek relationship assistance By reading Love Can Last you and your partner will be able to get on the same page and succeed in your relationship This book will even help couples that already have a good relationship When we grow up there is no relationship 101 We have to learn about relationships from watching our parents and their risky trial and error approach When we choose our partners we are essentially taking a gamble that they are the one with whom we belong By loving them we are gently placing our heart mind body and soul in their hands We can only hope that they will love and respect us enough to keep us safe from unnecessary heartache and stress We can better prepare them for handling our emotions if we prepare ourselves for how we want to interact with our partner This book will help you and your partner get on the same page in your relationship These important topics in Love Can Last will help shift your perspective so that each of you can take more responsibility for the way that your relationship works Both partners have the power to steer the relationship clear of the pitfalls that lead straight to divorce By reading Love Can Last you will be able to incorporate key elements into your relationship that will help you get through tough times and

strengthen the foundation of your relationship making you stand stronger together for many years to come By realizing that God is there for you both and to help keep others from interfering in your relationship you will stand united in your quest to keep your partner happy If you can forget about the concept that a relationship is 50 50 and give 100 percent to your partner you will see a huge difference with how you treat each other *The Pursuit* T. C. Stallings, 2015-12-01 T C Stalling who starred as Tony Jordan in the hit faith based film War Room shares an amazing and inspirational story of courageously pursuing his God given purpose Then in 14 days he will equip and encourage you to do the same The only thing that can stop the plan of God for your life from succeeding is you This is not because you have the power to stop God It's because He does not force His divine will on anyone and instead graciously allows us to choose what we do with it Stopping the plan of God for your life from succeeding only happens one way by not choosing to accept and pursue it Why would anyone not want God's plan for their lives Maybe doubt fear uncertainty Some people do not even know that God has a specific purpose and plan for their time on earth The Pursuit contains 14 days of 14 Scriptures with 14 inspirational devotions combined with real life examples of how to apply each pursuit principle Knowing that the one and only all powerful God of the universe has designed an unstoppable plan for your life should cause you to chase after this plan with everything you have You are God's creation You have your own God given purpose that is waiting to be pursued Will you pursue it Get ready 14 days could change everything

**Mangrove Magic** Ghazally Ismail, 2022-11-21 An ardent advocate for species protection and conservation of tropical rainforests Ghazally Ismail tells us of his encounters with the primates in his first memoir entitled Monkey Moment Encounters in Rainforest Escapades That was in 2021 after hunkering down at home during Covid 19 pandemic What a true raconteur he proves to be in sharing his amazing experiences in Borneo the world's third largest island As a sequel to his previous book he now brings us to another tropical ecosystem that is undergoing an equally gripping future He writes about the fascinating mangrove plant and animal species currently under siege Their continued survival are seriously at risk with the rapid disappearance of the mangroves unprecedented in modern history Written in simple nontechnical language he effectively explains the evolution and adaptation of mangrove species in order to thrive in their harsh inhospitable environment Here too he again produces beautiful drawings of plants and animals to accompany his well researched text Like the rainforests tropical mangroves are been systematically cleared and drained at alarming rates for land reclamation housing development and aquaculture In the process we are exposing ourselves to the two global calamities lurking at the doorsteps of humanity today namely global warming and loss of biodiversity Only the conservation of our rainforests and mangroves could we avert these pending catastrophes In his book Ghazally again shares his provocative thoughts on issues he has been grappling with throughout his academic life the protection of biodiversity and their habitats He gave intriguing revelations about the biological and behavioral features of mangrove species that are increasingly driven to the cusp of extinction He effectively reminds us that the rainforests and mangroves are two known nature reserves in the entire universe

we must learn to treat with utter respect with stringent and uncompromised guardianship He speaks with an authority born of decades of university research teaching and active involvement in organising expeditions into numerous biodiversity rich tropical ecosystems in Borneo What distinguishes Ghazally from many of his environmentalist peers is his training in medical immunology and microbiology Plants and animals are not his forte He readily admits he does not have all the answers to the vexing ecological questions of our times But his vast knowledge on tropical plants and wildlife are drawn from his networking and close associations with dozens of world renowned researchers gravitating to Borneo in the past 40 years during his time there He has essentially learned from field experts first hand This has put him on the vanguard of the conservation movement of the tropical ecosystems He expressed passion and responsibility towards species and the environment without sanctimony making this book a winning memoir for anyone interested in tropical ecology A lively readable hands on account of fascinating field experiences that will appeal to a wide audience Environmentalism does not just happen he said It is forged through our impassioned sadness looking at the ever increasing threats to our living world I hope to inspire a generation that could pause turn back and rediscover collective sanity in our relationship with planet Earth
