The William Howard Taft Presidency American Presidency Series

William Howard Taft

The William Howard Taft Presidency American Presidency Series:

William Howard Taft Jeffrey Rosen, 2018-03-20 The only man to serve as president and chief justice who approached every decision in constitutional terms defending the Founders vision against new populist threats to American democracy William Howard Taft never wanted to be president and yearned instead to serve as chief justice of the United States But despite his ambivalence about politics the former federal judge found success in the executive branch as governor of the Philippines and secretary of war and he won a resounding victory in the presidential election of 1908 as Theodore Roosevelt s handpicked successor In this provocative assessment Jeffrey Rosen reveals Taft s crucial role in shaping how America balances populism against the rule of law Taft approached each decision as president by asking whether it comported with the Constitution seeking to put Roosevelt s activist executive orders on firm legal grounds But unlike Roosevelt who thought the president could do anything the Constitution didn t forbid Taft insisted he could do only what the Constitution explicitly allowed This led to a dramatic breach with Roosevelt in the historic election of 1912 which Taft viewed as a crusade to defend the Constitution against the demagogic populism of Roosevelt and Woodrow Wilson Nine years later Taft achieved his lifelong dream when President Warren Harding appointed him chief justice and during his years on the Court he promoted consensus among the justices and transformed the judiciary into a modern fully equal branch Though he had chafed in the White House as a judicial president he thrived as a presidential chief justice

The William Howard Taft Presidency Lewis L. Gould, 2009-10-20 The only president to later serve as chief justice of the United States William Howard Taft remarked in the 1920s that I don t remember that I ever was President Historians have agreed and Taft is usually portrayed when written about at all as nothing more than a failed chief executive In this provocative new study the first treatment of the Taft presidency in four decades Lewis L Gould presents a compelling assessment of Taft s accomplishments and setbacks in office Rich in human interest and fresh analysis of the events of Taft s four years in Washington Gould s book shows why Taft s presidency is very much worth remembering on its own terms Gould argues that Taft wanted to be president and had an ambitious agenda when he took power in March 1909 Approaching his duties more as a judge than as a charismatic executive in the mold of Theodore Roosevelt Taft soon found himself out of step with public opinion Gould shows how the Payne Aldrich Tariff and the Ballinger Pinchot controversy squandered Taft s political capital and prepared the ground for Democratic victories in the elections of 1910 and 1912 His seamless narrative provides innovative treatments of these crucial episodes to make Taft s presidency more understandable than in any previous account On Canadian Reciprocity Dollar Diplomacy and international arbitration Gould s well researched work goes beyond earlier stale clichs about Taft s administration to link his tenure to the evolution of the modern presidency Taft emerges as a hard working but flawed executive who lacked the excitement of Theodore Roosevelt or the inspiration of Woodrow Wilson The break with Theodore Roosevelt in 1912 doomed the Taft presidency and Gould supplies an evenhanded analysis of the erosion of their once warm

friendship At bottom the two men clashed about the nature of presidential power and Gould traces with insight how this personal and ideological rupture influenced the future of the Republican party and the course of American politics In Gould s skilled hands this neglected presidency again comes alive Leaving the White House in 1913 Taft wrote that the people of the United States did not owe me another election What his presidency deserved is the lively and wise appraisal of his record in office contained in this superb book **The presidency of William Howard Taft** Paolo Enrico Coletta,1987 William Howard Taft and the Philippines Adam D. Burns,2023-08-18 Born in Civil War era Cincinnati in 1857 William Howard Taft rose rapidly through legal judicial and political ranks graduating from Yale and becoming a judge while still in his twenties In 1900 President William McKinley appointed Taft to head a commission charged with preparing the Philippines for US led civil government setting the stage for Taft s involvement in US Philippine relations and the development of his imperial vision across two decades While biographies of Taft and histories of US Philippine relations are easy to find few works focus on Taft s vision for the Philippines that despite a twenty year crusade would eventually fail William Howard Taft and the Philippines fills this void in the scholarship taking up Taft s vantage point on America s imperialist venture in the Philippine Islands between 1900 and 1921 Adam D Burns traces Taft s course through six chapters beginning with his years in the islands and then following it through his tenure as President Roosevelt s secretary of war his term as president of the United States and his life after departing the White House Across these years Taft continued his efforts to forge a lasting imperial bond and prevent Philippine independence Grounded in extensive primary source research William Howard Taft and the Philippines is an engaging work that will interest scholars of Philippine history American foreign policy imperialism the American presidency the Progressive Era and more The Presidency of Theodore Roosevelt Lewis L. Gould,2011 A comprehensive account of Theodore Roosevelt s important presidency updated to take into account two decades of additional research on the subject **The American Presidents Ranked by Performance, 1789-2012, 2d ed.** Charles F. Faber,Richard B. Faber,2012-06-15 This is a revision and an updating of the first edition published in 2000 Presidents from Washington to Obama not included are William Henry Harrison and James A Garfield because of very short terms are rated in five categories Foreign Relations Domestic Programs Administration and Intergovernmental Relations Leadership and Decision Making and Presidential Comportment Each president is evaluated on his effectiveness in each area and a final analysis is provided for the scores combined The presidents are then ranked overall The most overrated and underrated chief executives are identified Each entry includes biographical and political information as well as an analysis of their overall behavior and status **The American Presidents Ranked by Performance** Charles F. Faber,Richard B. Faber,2005-12-20 What makes a good American president The answers to this question have been sought by a variety of means since the very beginning of the presidency Some contend that a foreign policy makes one superior to another while others contend that certain personal qualities make a man best Here America s presidents are rated using a system that evaluates their effectiveness in some of

the most critical aspects of the office Foreign Relations Domestic Programs Administration and Intergovernmental Relations Leadership and Decision Making and Personal Qualities Each president is scored in his fulfillment of each aspect of the office and analysis is provided for all the scores The presidents are then ranked overall The most overrated and underrated commanders in chief are also examined The presidents are then analyzed individually in chronological order and each entry includes biographical and political information as well as analysis of personal qualities A bibliography and index are included

The Substance of Representation John S. Lapinski, 2013-09-08 Lawmaking is crucial to American democracy because it completely defines and regulates the public life of the nation Yet despite its importance political scientists spend very little time studying the direct impact that the politics surrounding a particular issue has on lawmaking The Substance of Representation draws on a vast range of historical and empirical data to better understand how lawmaking works across different policy areas Specifically John Lapinski introduces a theoretically grounded method for parsing policy issues into categories and he shows how policymaking varies in predictable ways based on the specific issue area being addressed Lapinski examines the ways in which key factors that influence policymaking matter for certain types of policy issues and he includes an exhaustive look at how elite political polarization shifts across these areas He considers how Congress behaves according to the policy issue at hand and how particular areas such as war sovereignty issues and immigration reform change legislative performance Relying on records of all Congressional votes since Reconstruction and analyzing voting patterns across policy areas from the late nineteenth to late twentieth centuries Lapinski provides a comprehensive historical perspective on lawmaking in order to shed light on current practices Giving a clear picture of Congressional behavior in the policymaking process over time The Substance of Representation provides insights into the critical role of American lawmaking

African Americans and the Presidents F. Erik Brooks, Glenn L. Starks, 2019-04-18 The president is arguably the most recognized and powerful individual in the United States This reference work explores the American presidency in relation to issues of race concerning the African American community This work provides a contemporary and refreshing examination of the American presidency through the prism of race and race relations in America revealing a long and complicated relationship between the U S presidency and the African American community The book evaluates each of the forty five American presidents policies cabinet appointments and handling of race matters in the United States Following an extensive timeline chronological chapters take an incisive look at each American president s life and career as well as the policies enacted during his presidency that affected the African American community The presidents personal writings memoirs autobiographies and biographies frame their views on the issue of race and how they dealt with it before during and after their presidency

William Howard Taft Jeffrey Rosen, 2018 **Life After Power** Jared Cohen, 2024-02-13 This informative highly readable The Wall Street Journal New York Times bestselling book from the author of the bestseller *Accidental Presidents* explores what happens after the most powerful job in the world President of the United States Former

presidents have an unusual place in American life King George III believed that George Washington's departure after two terms made him the greatest character of the age But Alexander Hamilton worried former presidents might wander among the people like ghosts They were both right Life After Power tells the stories of seven former presidents from the Founding to today Each changed history Each offered lessons about how to decide what to do in the next chapter of life This book follows the exceptional lives of past presidents including Thomas Jefferson whose time after the White House saw him shaping public debates and founding the University of Virginia an accomplishment he included on his tombstone unlike his presidency John Quincy Adams who served in Congress and became a leading abolitionist passing the torch to Abraham Lincoln Grover Cleveland who was the only president in American history to serve a nonconsecutive term William Howard Taft who became Chief Justice of the Supreme Court Herbert Hoover who shaped the modern conservative movement led relief efforts after World War II reorganized the executive branch and reconciled John F Kennedy and Richard Nixon Jimmy Carter who had the longest post presidency in American history advancing humanitarian causes human rights and peace George W Bush who made a clean break from politics bringing back George Washington's precedent and reminding the public that the institution of presidency is bigger than any person Jared Cohen explores the untold stories in the final chapters of these presidents lives offering a unique and fascinating look at how seven individuals made the transition from the most powerful position in the world to consequential and fulfilling lives post presidency Condoleezza Rice 66th Secretary of State He tells how they handled very human problems of ego finances and questions about their legacy and mortality He shows how these men made history after they left the White House

The President and His Powers William Howard Taft, 2003 Volume VI of The Collected Works of William Howard Taft follows the career of William Howard Taft upon his leaving the White House It consists of two short publications from 1914 and 1915 The first The President and His Powers is based on a series of lectures delivered at Columbia University and draws on Taft's experience in the presidency and the executive branch It speaks particularly to the nature of executive power and its place in the American system and is rooted in his disagreement with Theodore Roosevelt regarding presidential power Taft believed all presidential power must be traced to some specific grant of power or be necessary to its exercise while Roosevelt saw the presidency as a position of steward of the people limited only by some express provision of the Constitution The second The United States and Peace reflects Taft's interest in foreign policy which was intensified by his years as governor of the Philippines and as secretary of war as well as by his presidency Originally four lectures delivered in 1914 The United States and Peace discusses the Monroe Doctrine the threat to peace presented by incidents of violence to foreigners in the United States the maintenance of peace through international arbitration and the trend toward federation in international affairs Taft hoped to see the latter result in the establishment of an independent judiciary to resolve international disputes Taft's reasoned arguments supplemented by the commentaries of Professors McWilliams and Gerrity will stimulate interest among historians lawmakers political activists and the general

public **Presidential Leadership at the Crossroads** Michael J. Korzi, 2021 In *Presidential Leadership at the Crossroads* William Howard Taft and the Modern Presidency Michael J Korzi examines Taft's presidency against the backdrop of early twentieth century politics placing particular emphasis on Taft's theory of presidential leadership Though Taft's legacy is often overshadowed by those of Theodore Roosevelt and Woodrow Wilson his predecessor and successor respectively Taft's model of presidential leadership was complex and nuanced forged in a time of changing expectations at the crossroads between traditional and modern views of what the role of a president should be This focus on Taft's leadership adds new dimension to our understandings of the Progressive era and presidential leadership in general Ultimately Taft's leadership represented a middle ground position one that faced serious challenges from both conservative as well as radical forces particularly the latter While embodying some features of the modern presidency Taft's model also represented a partial challenge to and critique of modern presidential leadership Korzi reveals that Taft was considerably more modern in his leadership aspirations than previously thought and that his shift to traditionalism or conservatism only emerged with the threat of a third Roosevelt term on the horizon *Presidential Leadership at the Crossroads* makes an important contribution to our understanding of presidents and their leadership Taft's model is particularly relevant today given the prominence of the modern presidency and its values and expectations Taft's moderate middle way position provides a foundation for critiquing the excesses of the modern presidency while offering a vision for strong if disciplined presidential leadership **William Howard Taft**, 2006-09 Presents a biography of William Howard Taft **Theodore Roosevelt** Louis Auchincloss, 2013-11-12 An intimate portrait of the first president of the 20th century The American century opened with the election of that quintessentially American adventurer Theodore Roosevelt Louis Auchincloss's warm and knowing biography introduces us to the man behind the many myths of Theodore Roosevelt From his early involvement in the politics of New York City and then New York State we trace his celebrated military career and finally his ascent to the national political stage Caricatured through history as the bull moose Roosevelt was in fact a man of extraordinary discipline whose refined and literate tastes actually helped spawn his fascination with the rough and ready worlds of war and wilderness Bringing all his novelist's skills to the task Auchincloss briskly recounts the significant contributions of Roosevelt's career and administration This biography is as thorough as it is readable as clear eyed as it is touching and personal **The Presidency of William McKinley** Lewis L. Gould, 1980 In this interpretation of the McKinley presidency Lewis L Gould contends that William McKinley was the first modern president Making use of extensive original research in manuscript collections in the United States Great Britain and France Gould argues that during McKinley's four and a half years in the White House the executive office began to resemble the institution as the twentieth century would know it He rejects the erroneous stereotypes that have long obscured McKinley's historical significance McKinley as the compliant agent of Mark Hanna or as an irresolute executive in the Cuban crisis that led to war with Spain He contends that McKinley is an important figure in the history of the United States because

of the large contributions he made to the strengthening and broadening of the power of the chief executive While this volume touches on many aspects of McKinley s leadership the core of it relates to the coming of the Spanish American War the president s conduct of the war itself and the emergence of an American empire from 1898 to 1900 According to Gould the Spanish American War was not the result presidential weakness or of cowardice before public hysteria McKinley sought to persuade Spain to relinquish Cuba peacefully turning to war only when it became apparent that Madrid would never acquiesce During the war McKinley effectively directed the American military effort and the diplomacy that brought territorial acquisitions and peace The process of making peace with Spain involving as it did American annexation of the Philippines and of securing the ratification of the resulting treaty in the Senate underscored McKinley s expansive view of presidential power He functioned as chief diplomat from the sending of senators on the peace commission to the personal supervision of the terms of the negotiation At home he made tours of the West and South in 1898 to lead popular opinion to his position as no president had done before him For the Senate he evidenced a readiness to dispense patronage woo votes with personal persuasion and marshal the resources of the political system behind his treaty Later episodes in McKinley s administration support Gould s thesis In administering Puerto Rico and Cuba and in suppressing an insurrection in the Philippines McKinley relied further on the war power and continued to shape affairs from the White House He sent troops to china during the Boxer Rebellion in 1900 without congressional authorization governed the new possessions through presidential commissions and allowed Capitol Hill only a subsidiary role in the process By 1901 the nation had an empire and a president whose manner and bearing anticipated the imperial executives of six decades later Gould does not argue that McKinley was a great president He maintains instead that what McKinley contributed to the office the examples he offered and the precedents he set make him an important figure in the emergence of the modern presidency in this century **The National Geographic Magazine** ,1921 Indexes kept up to date with supplements [The New International Encyclopædia](#) Frank Moore Colby,Talcott Williams,1924 **The Public** ,1913 *Plumbers, Gas and Steam Fitters Journal* ,1915

When somebody should go to the ebook stores, search start by shop, shelf by shelf, it is in reality problematic. This is why we allow the ebook compilations in this website. It will no question ease you to look guide **The William Howard Taft Presidency American Presidency Series** as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections.
