## **The Us Libertarian Movement Opposing Viewpoints:**

Democracy in Chains Nancy MacLean, 2017-06-13 Winner of the Lillian Smith Book Award Winner of the Los Angeles Times Book Prize Finalist for the National Book Award The Nation's Most Valuable Book A vibrant intellectual history of the radical right The Atlantic This sixty year campaign to make libertarianism mainstream and eventually take the government itself is at the heart of Democracy in Chains If you're worried about what all this means for America's future you should be NPR An explosive expos of the right's relentless campaign to eliminate unions suppress voting privatize public education stop action on climate change and alter the Constitution Now Updated With A New Preface Behind today's headlines of billionaires taking over our government is a secretive political establishment with long deep and troubling roots The capitalist radical right has been working not simply to change who rules but to fundamentally alter the rules of democratic governance But billionaires did not launch this movement a white intellectual in the embattled Jim Crow South did Democracy in Chains names its true architect the Nobel Prize winning political economist James McGill Buchanan and dissects the operation he and his colleagues designed over six decades to alter every branch of government to disempower the majority In a brilliant and engrossing narrative Nancy MacLean shows how Buchanan forged his ideas about government in a last gasp attempt to preserve the white elite's power in the wake of *Brown v Board of Education* In response to the widening of American democracy he developed a brilliant if diabolical plan to undermine the ability of the majority to use its numbers to level the playing field between the rich and powerful and the rest of us Corporate donors and their right wing foundations were only too eager to support Buchanan's work in teaching others how to divide America into makers and takers And when a multibillionaire on a messianic mission to rewrite the social contract of the modern world Charles Koch discovered Buchanan he created a vast relentless and multi armed machine to carry out Buchanan's strategy Without Buchanan's ideas and Koch's money the libertarian right would not have succeeded in its stealth takeover of the Republican Party as a delivery mechanism Now with Mike Pence as Vice President the cause has a longtime loyalist in the White House not to mention a phalanx of Republicans in the House the Senate a majority of state governments and the courts all carrying out the plan That plan includes harsher laws to undermine unions privatizing everything from schools to health care and Social Security and keeping as many of us as possible from voting Based on ten years of unique research Democracy in Chains tells a chilling story of right wing academics and big money run amok This revelatory work of scholarship is also a call to arms to protect the achievements of twentieth century American self government *The US Libertarian Movement* Michael Ruth (Book editor), 2016 Each title in the highly acclaimed Opposing Viewpoints series explores a specific issue by placing expert opinions in a unique pro con format the viewpoints are selected from a wide range of highly respected and often hard to find publications *Media Freedom in the Age of Citizen Journalism* Coe, Peter, 2021-12-10 This timely book explores how the internet and social media have permanently altered the media landscape enabling new actors to enter the

marketplace and changing the way that news is generated published and consumed It examines the importance of citizen journalists whose newsgathering and publication activities have made them crucial to public discourse and central actors in the communication revolution Investigating how the internet and social media have enabled citizen journalism to flourish and what this means for the traditional institutional press the public sphere and media freedom the book demonstrates how communication and legal theory are applied in practice The CNT in the Spanish Revolution José Peirats,2001 The author considers the role of anarchists and anarcho syndicalists in the Spanish Civil war **Anarchist Socialism in Early**

**Twentieth-Century Spain** Stephen Luis Vilaseca,2020-05-28 Anarchist Socialism in Early 20th Century Spain is the first English translation of and critical introduction to Ideario a collection of newspaper and journal articles written by Spanish anarchist Ricardo Mella Given that Mella is virtually unknown to the English speaking world this book provides readers access to his extensive body of work about Spain human nature and a world increasingly dominated by capitalism Suitable for both the general public interested in learning more about anarchist ideas and for scholars studying twentieth century Spain the three introductory essays help to introduce Mella ground his work in the context of Spanish anarchism and draw connections between Mella and the urban in late nineteenth and early twentieth century Spain Stephen Luis Vilaseca s translation is accessible and engaging Comparative Union Democracy J. David Edelstein,2017-09-04 A major empirical study of thirty one British and fifty one American national trade unions this volume provides the background to a new organizationally oriented theory of union democracy Supported by in depth studies of the political process in the British Mineworkers Union and the Engineers Union the book develops and illustrates a general theory of how in a country with democratic norms formal organization itself can constrain a tendency toward oligarchy by stimulating union competition among full time officers attempting to rise in the union hierarchy Comparative Union Democracy is easily the best work on the subject that has appeared in years It should be required reading for all those interested in organizational government participatory democracy generally as well as in the labor movement **The Spanish Civil War** Burnett Bolloten,1991 A detailed account of the war describes Republican political life during the period and recounts the rise of the Spanish Communist Party Recent America, Conflicting Interpretations of the Great Issues Sidney Fine,1962 **The Spanish Civil War** Burnett Bolloten,2015-12-01 This monumental book offers a comprehensive history and analysis of Republican political life during the Spanish Civil War Completed by Burnett Bolloten just before his death in 1987 and first published in English in 1991 The Spanish Civil War is the culmination of fifty years of dedicated and painstaking research and is the most exhaustive study on the subject in any language It has been regarded as the authoritative political history of the war and an indispensable encyclopedic guide to Republican affairs during the Spanish conflict This new edition includes a new introduction by Spanish Civil War scholar George Esenwein an updated bibliography featuring books on the Spanish Civil War published since 1987 and seventy three photos of the war s participants **The Conservative Press in**

**Twentieth-Century America** Ronald Lora, William Henry Longton, 1999-10-30 Including representative journals for the 20th and late 19th centuries this book profiles the most significant conservative journals of the past century. From the rise of industrial capitalism when laissez faire conservatives praised bountiful America to the end of the Cold War these journals have covered a variety of topics from differing sometimes even contradictory points of view. Yet they speak to the richness and comprehensiveness of the conservative press in America. Together they provide a focused history of conservative thought in 20th Century America. Along with the companion volume on the 18th and 19th Centuries the book provides a valuable resource for students of the conservative press in America. Covering a variety of disparate journals the volume arranges them both chronologically and in sections reflecting the themes covered. Politics, individualism, isolationism, anti-Communism, the New Right, neoconservatism, and public policy are featured in four of the sections while journals examining the issues of religious conservatism appear in sections devoted to Orthodox Protestant and Catholic journals. Yet another section focuses on journals dealing with literary and cultural topics. The remaining sections examine libertarianism, traditionalist perspectives, and extreme right wing publications. Each section is unified with an introductory essay exploring the connecting themes and issues.

**Journal of Contemporary Studies**, 1983    **Political Perspectives** Mary Hiatt, 2002    **Distinguished**

**Dissenters and Opposition to the 1919-1920 Red Scare** W. Anthony Gengarely, 1996    *The Vietnam War on Campus* Marc J. Gilbert, 2001 Previous analyses of the student antiwar movement during the Vietnam War have focussed almost exclusively on a few radical student leaders and upon events that occurred at a few elite East Coast universities. This volume breaks new ground in the treatment it affords critiques of the war offered by conservative students in its assessment of antiwar sentiment among Midwestern and Southern college students and in its investigation of antiwar protests in American high schools. It also provides fresh insight through a discussion of the ways in which American films depicted the student movements and an examination of the role of women and religion in the campus wars of the Sixties and Seventies. The campus dimensions of the antiwar movement were more broad based and more diverse in membership, roots, and strategy than is often assumed. Each essay in this collection strives not only to present a fair minded picture of the impact of the Vietnam War on campus but also to offer balanced reflections on its significance for today's body politic. Contributing authors conclude leading scholars on the war's impact on American society and two artists closely associated with that conflict: Vietnam veteran writer and poet W. D. Ehrhart and Country Joe McDonald, author of the antiwar era anthem "I Feel Like I'm Fixing to Die Rag".

**Patterns of Power** Thomas E. Linton, Jack L. Nelson, 1974    **Right-wing Movements in the United States, 1945-1992** Sara Diamond, 1993    **Central America Report**, 2004    **Sol III Magazine**, 1971    **Nomos**, 1988
