WAR IN THE PACIFIC

Photo from Sino-Japanese War

BACKGROUND

In the 1930's, Japan's emperor, Isoroku Hirohito, began taking over neighboring countries in order to gain control of their import markets in order to improve the Japanese economy. Japan and the United States had never been great allies, but they had managed a functional trade relationship for many years. However, tensions began to escalate when Japan invaded Manchuria in 1931. In 1937, Japan also declared war on China, a country that the U.S. had established a strong relationship with. This became known as the Second Sino-Japanese War. America enforced a series of economic sanctions and trade embargoes to try to put a halt to Japanese

expansionism. This only made Japan angry and more determined.

On September 1, 1939, Germany invaded Poland as part of Hitler's aggressive expansionist foreign policy. Two days later, France and Britain declared war against Germany and were later joined by the United States to form the Allies. On September 27, 1940, Japan, Nazi Germany, and Fascist Italy signed the Tripartite Pact, in which they agreed to mutually protect each other if any of them were attacked by a country not already involved in the war. The three nations became known as the Axis Powers.

KEY FIGURES

Hirohito – As Emperor of Japan from December 1926 to his death in January 1989, Hirohito was the leader of Japan during a period of increased expansionism and militarism, culminating in Japan's participation in World War II.

Isoroku Yamamoto – As the commander-in-chief of the Combined Fleet of the Imperial Japanese Navy during World War II, Yamamoto devised the initial plan to attack Pearl Harbor. He remained commander-in-chief until he was killed when his plane was shot down by American forces on April 18, 1943.

Japanese Military Strategy in the Pacific War James B. Wood, 2007 In this provocative history James B Wood challenges the received wisdom that Japan s defeat in the Pacific was historically inevitable He argues instead that it was only when the Japanese military abandoned their original strategic plan to secure resources and establish a viable defensible perimeter that the Allies were able to regain the initiative and lock Japanese forces into a war of attrition they were not prepared to fight The book persuasively shows how the Japanese army and navy had both the opportunity and the capability to have fought a different and more successful war If Japan had traveled that alternate military road the outcome of the Pacific War could have been far different from the ending we know so well and perhaps a little too complacently accept **The Great Pacific War** Hector Charles Bywater, 1925 Although this book portrays the course of an imaginary war between the United States and Japan it has not been written to support the view that such a conflict is either close at hand or inevitable No doubt there are elements of danger in the immigration controversy while further causes of friction may attend the growth of American commercial enterprise in the Far East Preface **Senso: The Japanese Remember the Pacific War** Frank Gibney, Beth Cary, 2015-04-29 This acclaimed work is an extraordinary collection of letters written by a wide cross section of Japanese

citizens to one of Japan's leading newspapers expressing their personal reminiscences and opinions of the Pacific war. SENSE provides the general reader and the specialist with moving, disturbing, startling insights on a subject deliberately swept under the rug both by Japan's citizenry and its government. It is an invaluable index of Japanese public opinion about the war.
