trees to simulate spring actors chomping on ice cubes to prevent their breath showing on film and verbal and physical confrontations involving both cast and crew The studio hated it and hardly bothered to distribute it but today it finds favour with critics and fans alike as a serious if flawed piece of cinema Brown expertly guides readers through the film s convoluted history attempting along the way to explain its enduring fascination and providing interviews with the key figures many of whom still have an axe to grind and some of whom still harbour plans for a sequel
