Counter-Terrorism, Ethics and Technology Adam Henschke,Alastair Reed,Scott Robbins,Seumas Miller,2021-12-14 This open access book brings together a range of contributions that seek to explore the ethical issues arising from the overlap between counter terrorism ethics and technologies Terrorism and our responses pose some of the most significant ethical challenges to states and people At the same time we are becoming increasingly aware of the ethical implications of

new and emerging technologies Whether it is the use of remote weapons like drones as part of counter terrorism strategies the application of surveillance technologies to monitor and respond to terrorist activities or counterintelligence agencies use of machine learning to detect suspicious behavior and hacking computers to gain access to encrypted data technologies play a significant role in modern counter terrorism However each of these technologies carries with them a range of ethical issues and challenges How we use these technologies and the policies that govern them have broader impact beyond just the identification and response to terrorist activities As we are seeing with China the need to respond to domestic terrorism is one of the justifications for their rollout of the social credit system Counter terrorism technologies can easily succumb to mission creep where a technology s exceptional application becomes normalized and rolled out to society more generally This collection is not just timely but an important contribution to understand the ethics of counter terrorism and technology and has far wider implications for societies and nations around the world

Summary of Anna Funder's Stasiland Everest Media,2022-06-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I catch the underground to Leipzig a couple of hours from Berlin It s snowing outside I move through the slush to where I know there are toilets The large woman in a purple apron and loud makeup at the bottom of the steps is guarding her stash of condoms and tissues and tampons 2 I can t smell anything anymore The train travels through northern Germany and I can feel myself falling asleep I remember my mother s moustache in the sun my adolescent hunger and the burnt chalk smell of tram brakes in summer 3 I visited Leipzig in 1994 five years after the Wall fell in November 1989 I was looking for the Stasi museum which had formerly been the Stasi offices The Stasi was the internal army by which the government kept control It knew everything about everyone using any means it chose 4 I visited the Runden Ecke the area where the Stasi headquarters was located The citizens committee that was in charge of the museum had mounted displays on cheap particleboard screens There were pictures of protesters occupying the building on December 4 1989
