Interpreting Primo Levi Arthur Chapman, Minna Vuohelainen, 2016-04-29 The legacy of antifascist partisan Auschwitz survivor and author Primo Levi continues to drive exciting interdisciplinary scholarship The contributions to this intellectually rich tightly organized volume from many of the world s foremost Levi scholars show a remarkable breadth across fields as varied as ethics memory and media studies

Lacanian Theory of Curriculum in Higher Education Fernando M. Murillo, 2018-10-04 This volume presents a distinctively Lacanian psychoanalytic approach to the theorizing understanding and critique of curriculum in higher education In this work the author presents the main theories of curriculum in the current discourse develops a notion of critique and applies it

to existing global guidelines for curriculum reform Relying on the architectonic of the subject as developed across the work of Jacques Lacan expressed in the registers of the Symbolic the Imaginary and the Real the author provides a new approach to understanding curriculum in terms of the psychic dynamics that explain its workings The Palgrave International Handbook of Alternative Education Helen E. Lees, Nel Noddings, 2016-08-31 This state of the art comprehensive Handbook fully explores the field of alternative education on an international scale Alternatives to mainstream schooling and education are becoming increasingly recognised as pertinent and urgent for better understanding what really works in successfully educating children and adults today especially in light of the increased performance driven and managerially organised economic modelling of education that dominates For too long we have wondered what exactly education done otherwise might look like and here we meet individual examples as well as seeing what alternative education is when a collection becomes greater than the sum of parts The Handbook profiles numerous empirical examples from around the world of education being done in innovative and excitingly democratic and autonomous ways from Forest Schools and Home Education through to new technologies neuroscience and the importance of solitude The book also sets out important theoretical perspectives to inform us why seeing education through an alternative lens is useful as well as urgently needed Global in its perspective and definitive in content this one stop volume will be an indispensable reference resource for a wide range of academics students and researchers in the fields of Education Education Policy Sociology and Philosophy as well as educational practitioners *Native and Non-Native Teachers in English Language Classrooms* Juan de Dios Martinez Agudo, 2017-05-08 Despite being highly debated in applied linguistics and L2 teaching literature the controversial issue of non nativeness still remains unresolved Contemporary critical research has questioned the theoretical foundations of the nativeness paradigm which still exerts a strong influence in the language teaching profession Written by well known researchers and teacher educators from all over the world both NSs and NNSs the selected contributions of this volume cover a great variety of aspects related to the professional role and status of both NS and NNS teachers in terms of both perceived differences and professional concerns and challenges The strongest aspects of this volume are the global perspectives and the implications for future research and teacher education It is precisely this international perspective which makes this volume illustrative of different realities with a similar objective in mind the improvement of second language teaching and teacher education In today s world being a NS or NNS should not really matter but rather teachers professional competences This publication thus provides a forum of reflection and discussion for all L2 educators who need to be aware of how much they might offer to their future students **A Psychoanalyst in the Classroom** Deborah P. Britzman, 2015-08-31 Offers a new view of pedagogical practices to psychoanalysts interested in pedagogy A Psychoanalyst in the Classroom provides rich descriptions of the surprising ways individuals handle matters of love and hate when dealing with reading and writing in the classroom With wit and sharp observations Deborah P Britzman advocates for a generous

recognition of the vulnerabilities creativity and responsibilities of university learning Britzman develops themes that include the handling of technique in psychoanalysis and pedagogy the uses of theory regression to adolescence the inner life of gender the untold story of the writing block and everyday mistakes in teaching and learning She also examines the relationship between mental health and experiences of teaching and learning *Research on Becoming an English Teacher* Tony Brown, Mike Dore, Christopher Hanley, 2019-07-31 *Research on Becoming an English Teacher* considers the process of becoming a teacher from a variety of perspectives where the ambition is to consider how people can change themselves within that process By pursuing an approach influenced by the psychoanalytic theory of Jacques Lacan the authors consider practitioner research as an approach to professional and personal development and how it might be understood as a strategy within both teaching and teacher education Taking English teaching as the main example this book explores the processes and discourses that shape the experience of English teaching in schools Chapters consider the origin and development of English education practice and theory in English education the process of becoming a teacher in school based environments and creating an analytical space for learning narratives in teacher education This book will be of interest to academics researchers and post graduate students in the fields of teacher education curriculum studies educational theory and educational psychology *When History Returns* Deborah P. Britzman, 2024-05-01 *When History Returns* brings together psychoanalytic theories of learning with the antinomies of social strife From a psychoanalytic perspective history returns through transitional scenes of inheriting a past one could not make experiencing a present affected by what came before and facing a future one can neither know nor predict Taking such scenes as the subject of education Deborah P Britzman provides new approaches and vocabulary for conceptualizing experience and understanding as expressed in psychoanalysis literature film clinical case studies and warm pedagogy Britzman argues that novel quests for humane responsibility take hold in the fallout of understanding in the feel of history in imaginative dialogues and missed encounters and in searches for friendship belonging and affiliation Each chapter charts these quests in contemporary education carrying readers into the heart of learning and the emotional situations that urge the transitions of difficult knowledge into care for thinking and the questions that follow **Doing Race in Social Studies** Prentice T. Chandler, 2015-07-15 *Doing Race in Social Studies* Critical Perspectives helps educators teach about race using research in social studies and critical race theory CRT It bridges theory and practice offering content ideas and insights from prominent scholars to enhance social studies education with a CRT perspective *Lost Subjects, Contested Objects* Deborah P. Britzman, 1998-03-19 This book argues for education s reconsideration of what psychoanalytic theories of love and hate might mean to the design of learning and pedagogy Britzman sets in tension three perspectives studies of education studies in psychoanalysis and studies of ethics to consider how larger social and cultural histories live in the small history of the subject Britzman casts her net widely to consider questions of sex education the work of Anna Freud in reencountering the Diary of Anne Frank reading practices in pedagogy

anti racist pedagogy and the question of love and the arguments between education and psychoanalysis *Practice Makes Practice* Deborah P. Britzman, 2003-04-09 This revised edition of the classic text explores the complexity of what learning to teach means **The Subject of Childhood** Michael O'Loughlin, 2009 The Subject of Childhood is a collection of essays on early childhood education childhood studies that brings critical psychological psychoanalytic and cultural studies perspectives to bear on understanding the lives children live Central concerns running through these essays are the emergence of subjectivity in the child the complexity of conceptualizing the relationship between external cultural and social forces and the internal sense of agency that we know that each child possesses Together the volume is a blending of interdisciplinary theoretical writing personal autobiographical inquiry and concrete examples from the author's work with teachers in schools and from his clinical practice as a child psychoanalyst Written for advanced undergraduate and graduate students and professionals across the English speaking world in early childhood education childhood education educational foundations and cultural studies in education this book functions as a core text for advanced undergraduate and graduate courses in child development child psychology sociology of education childhood studies and early childhood education

Choice , 2009 *Psychoanalysis and Contemporary Thought* , 1994 **The British National Bibliography** Arthur James Wells, 2009 **Jacques Lacan and the Adventure of Insight** Shoshana Felman, 1987 Jacques Lacan one of the most influential and controversial French thinkers of the twentieth century was a practicing and teaching psychoanalyst in Paris but his revolutionary seminars on Freud reached out far beyond professional circles they were enthusiastically attended by writers artists scientists philosophers and intellectuals from many disciplines Shoshana Felman elucidates the power and originality of Lacan's work She brilliantly analyzes Lacan's investigation of psychoanalysis not as dogma but as an ongoing self critical process of discovery By focusing on Lacan's singular way of making Freud's thought new again and of thus enabling us to participate in the very moment of intellectual struggle and insight Felman shows how this moment of illumination has become crucial to contemporary thinking and has redefined insight as such This book is a groundbreaking statement not only on Lacan but on psychoanalysis in general Felman argues that contrary to popular opinion Lacan's preoccupation is with psychoanalytic practice rather than with theory for its own sake His true clinical originality consists not in the incidental innovations that separate his theory from other psychoanalytic schools but in the insight he gives us into the structural foundations of what is common to the practice of all schools the transference and the psychoanalytic dialogue In chapters on Poe's tale *The Purloined Letter* Sophocles *Oedipus* plays a case report by Melanie Klein and Freud's writings Felman demonstrates Lacan's ediscovery of these texts as renewed and renewable intellectual adventures and as parables of the psychoanalytic encounter The book explores these questions How and why does psychoanalytic practice work What accounts for clinical success What did Freud learn from the literary *Oedipus* and how does Freud text take us beyond *Oedipus* How does psychoanalysis inform and radically displace our conception of what learning is and of what reading is

This book will be an intellectual event not only for clinicians and literary critics but also for the broader audience of readers interested in contemporary thought *Orwell Colloquy "1984" Myths and Realities* ,1984 **Canadian Perspectives on the Sociology of Education** Cynthia Levine-Rasky,2009 This collection of original essays examines the complex relationship between schooling and society By taking a critical approach the text urges readers to formulate difficult questions about the practice of teaching and the experience of schooling The text also illustrates the multiple forces that come into play for both educators and for students and challenges the reductive and pragmatic approach adopted in conventional education courses
