The Wakeful World Animism Mind And The Self In Nature:

The Wakeful World Emma Restall Orr, 2012-10-26 Over the past few hundred years animism has been dismissed as a primitive naïve and irrational perspective irrelevant within the civilised West In *The Wakeful World* Emma Restall Orr argues that this is based on the misrepresentation drawn in crayon that each tree and stone has its own Christian like immortal soul Taking the reader on a philosophical adventure Restall Orr explores the heritage of Western thought with precision enthusiasm and sensitivity considering how soul spirit mind and consciousness have been understood through millennia Challenging the prevailing worldviews of materialism and dualism she presents animism as a radically different yet mature and coherent philosophy Providing deep green ethics with a wholly rational metaphysical foundation *The Wakeful World* is a compelling view of the nature of existence and the experience of reality giving solid ground for the now necessary journey to a sustainable world This original and lively book brings back animism a most useful range of ideas which reductivists have somewhat wildly abandoned during the last century into focus once more just when it is badly needed to cure current confusions about mind and body Dr Mary Midgley Moral Philosopher

Cosmopolitanism, Nationalism, and Modern Paganism Kathryn Rountree, 2016-12-10 This volume explores how Pagans negotiate local and global tensions as they craft their identities both as members of local communities and as cosmopolitan citizens of the world Based on cutting edge international case studies from Pagan communities in the United States Poland Russia Ukraine Israel South Africa Australia New Zealand and Malta it considers how modern Pagans negotiate tensions

between the particular and universal nationalism and cosmopolitanism ethnicity and world citizenship The burgeoning of modern Paganisms in recent decades has proceeded alongside growing globalization and human mobility ubiquitous Internet use a mounting environmental crisis the re valuing of indigenous religions and new political configurations Cosmopolitanism and nationalism have both influenced the weaving of unique local Paganisms in diverse contexts Pagans articulate a strong attachment to local or indigenous traditions and landscapes constructing paths that reflect local socio cultural political and historical realities However they draw on the Internet and the global circulation of people and universal ideas This collection considers how they confound these binaries in fascinating complex ways as members of local communities and global networks

Lessons from the Mountaintop Lawrence Pintak, 2025-08-22 *Lessons from the Mountaintop* is an inspiring account of the experiences of modern day spiritual explorers who have dedicated their lives to the mystic quest to find their own Truth It is aimed at readers looking for answers in our complex and challenging world Few of us will ever retreat to a mountaintop or spend decades in monastic silence Some of the individuals profiled in *Lessons from the Mountaintop* have done exactly that Others have spent their lives studying with spiritual masters of multiple traditions A New York record company art director a medical doctor from Australia a formerly unhoused non binary BIPOC Californian and other once ordinary folk who have carved out their own unique spiritual paths You will not find them on the best seller lists or the Spiritual 100 rankings Most of them quietly pursue their spiritual quest far from the media spotlight What prompted them to walk away from it all What do they see that the rest of us do not What lessons do they bring back from their spiritual journeys What can we learn from them Veteran journalist and author Lawrence Pintak introduces the reader to individuals of grace and profound spiritual experience who he has encountered in his decades reporting from around the globe and others he sought out as he explored unfamiliar spiritual traditions The result is a fascinating collection of profiles that offer deep insight into what has been called the perennial wisdom at the heart of the world's religions *Lessons from the Mountaintop* contains lessons for us all whether we are religious spiritual or simply trying to navigate our complex and challenging world

Panpsychism in the West, revised edition David Skrbina, 2017-09-22 An updated edition of a comprehensive study of the theory that mind exists in some form in all living and nonliving things In *Panpsychism in the West* the first comprehensive study of the subject David Skrbina argues for the importance of panpsychism the theory that mind exists in some form in all living and nonliving things in consideration of the nature of consciousness and mind Panpsychism with its conception of mind as a general phenomenon of nature uniquely links being and mind More than a theory of mind it is a meta theory a statement about theories of mind rather than a theory in itself Panpsychism can parallel almost every current theory of mind it simply holds that no matter how one conceives of mind such mind applies to all things After a brief discussion of general issues surrounding philosophy of mind Skrbina examines the panpsychist views of philosophers from the pre Socratics to the post structuralists The original edition of *Panpsychism in the West* helped to reinvigorate a neglected and important aspect of

philosophic thinking This revised edition offers expanded and updated material that reflects the growth of panpsychism as a subdiscipline It covers the problem of emergence of mind from a non mental reality and the combination problem in greater detail It offers expanded coverage of the pre Socratics and Plato a new section on Augustine expanded discussions of Continental panpsychism scientific arguments Nietzsche and Whitehead and a new section on Russellian monism With this edition Panpsychism in the West will be continue to be the standard work on the topic *Altered Perspectives* Sam Woolfe,2024-12-10 This collection of essays delves into some of the strangest and most profound aspects of the psychedelic experience such as seeing the self as an illusion feelings of deep insight the sublime fear mixed with wonder encounters with DMT entities d j vu and existential joy Drawing on research and theories from a variety of disciplines Sam Woolfe reflects on the ways that altered states may inform our understanding of consciousness the self and reality Particular attention is paid to the philosophy of psychedelics with the aim of clarifying altered states through the lenses of metaphysics philosophy of mind epistemology aesthetics existentialism and Buddhism In these essays Woolfe balances open mindedness with a critical and sceptical perspective he believes that this approach is necessary when examining psychedelic consciousness And God Created Wholeness Edwin E. Olson,2018 **Another Kind of Normal** Graham Ward,2022-01-13 Every age needs to examine and propose its ways of living ethically Another Kind of Normal Ethical Life II constructs a mode of such living according to the Christian tradition based upon an interpretation of Christ s coming and the relationship of that incarnation to God as the Creator of all things In the second of four volumes Graham Ward explores an Augustinian vision of consonance between divine rhythm and the rhythmic orders of creation On the basis of what Augustine calls the interval it proposes Christ is encountered as riddle scandal and paradox It provides an account of creation as a Trinitarian event that calls for a rethinking of what are the key teachings in Christianity with respect to an understanding of creation as a divine benediction and a theatre for transformation and healing Ward argues through Scriptural exegesis for the omnidirectionality of time as graced rejecting a conception of linear temporality and theologies indebted to that conception Throughout participation in God through our hiddenness in Christ develops an account of the complex relationship between divine and human creativity appealing to music painting poetry drama film architecture and novels **The Writers Directory** ,2013 **Body and Mind** William McDougall,1961 **Feral Magick** Denny Sargent,2025-07-07 Find and hone the innate feral spirit within and discover your own inner animal self Rewild yourself Return to an ancient deeper way of being Reconnect with the primordial animistic world of the spirits and the powers of nature that have been patiently waiting for you to return Once you become open to this reality the spirits of nature will welcome you bond with you and help you In Feral Magick Unleash Your Inner Animal Self author Denny Sargent gives readers the tools they need to locate and work with their inner animal as well as with sacred deities and personal animal spirits Through spells rituals and meditations as well as shapeshifting and trance states readers will learn how to tap into their natural instinct intuition and insight Practicing feral magick will lead you to

form deeper intuitive bonds with your animal allies and to find the inherent power you already possess The operating principles of intuitive spiritual animistic practices will enable you to better acknowledge and engage with all sorts of woodland spirits and will remind you that you too are a spirit of nature **Alive with Spirits** Althaea Sebastiani,2024-05-06

A wonderful and moving introduction to animism as well as a fantastic introduction to witchcraft even the seasoned practitioner will gain so much from reading Sebastiani's offering Mhara Starling author of Welsh Witchcraft A Guide to the Spirits Lore and Magic of Wales At the root of most spiritual traditions is the aspiration to realize one's birthright an intimate connection with the Land and the spiritual energies that inhabit it This connection with the Land and its spirits is perhaps nowhere more powerfully felt than in the various traditions of Paganism and witchcraft But the conditions of modern society strain that relationship leaving us feeling separated from our craft and unable to feel that deep and vital connection Discover a path to fully embrace a world filled with spirits communion with the Land and a greater sense of belonging in the world a worldview known as animism Explore animism in a hands on way that teaches through firsthand direct experiences Through embodied exercises based in wholeness you'll learn to see the world more fully for what it is and to better understand your place in it Learn the three general types of local spirits Explore the importance of relationships and what it means to be in community Uncover the way that the wholeness of the world is reflected in the wholeness of the self Begin to nurture right relationships with your local spirits Alive with Spirits provides you with a firm foundation from which to transform your witchcraft practice rooting it into the Land and in strong respectful relationships with the spirits around you **Animism** Graham Harvey,2005 In this new book Graham Harvey applies this new use of the term animism applies to the religious worldviews of communities and cultures such as Ojibwe Maori Aboriginal Australian and eco Pagan to introduce the diversity of ways of being animist Animism, the Seed of Religion Edward Clodd,2012-12-21 Animism the Seed of Religion is a 1905 treatise on the subject of animism by English writer Edward Clodd Animism is the religious belief that creatures objects and even places have an innate spiritual essence and can even arguably be considered to be alive This fascinating volume explores the history and development of this theory while linking it to the origins of religions the world over Edward Clodd 1840 1930 was an English writer banker and anthropologist famous for his various and notable literary and scientific friends Other notable works by author include The Childhood of the World 1872 Jesus of Nazareth 1880 and Nature Studies 1882 Contents include Brain in Animal and Man Man in the Making Animal and Human Psychology Naturalism or Conception of Power Everywhere Animism Or Conception of Spirit Everywhere Theories of the Nature of Spirit Spirits in Inanimate Things Fear of Sequence in the Object of Worship Absentee Gods etc Many vintage books such as this are increasingly scarce and expensive It is with this in mind that we are republishing this volume now in an affordable modern high quality edition for the enjoyment of readers now and for years to come The Handbook of Contemporary Animism Graham Harvey,2014-09-11 The Handbook of Contemporary Animism brings together an international team of scholars to examine the full range of

animist worldviews and practices The volume opens with an examination of recent approaches to animism This is followed by evaluations of ethnographic cognitive literary performative and material culture approaches as well as advances in activist and indigenous thinking about animism This handbook will be invaluable to students and scholars of Religion Sociology and Anthropology

Animism and Philosophy of Religion Tiddy Smith, 2023-02-25 Mainstream philosophy of religion has persistently failed to engage seriously or critically with animist beliefs and practices The field that is now called philosophy of religion could quite easily be renamed philosophy of theism with few lecturers on the subject having to change their lecture notes It is the aim of this volume to rectify that failure and to present animism as a live option among the plethora of religious worldviews The volume addresses four major questions 1 What is this thing called animism 2 Are there any arguments for or against animist belief and practice 3 What is the relationship between animism naturalism and the sciences And 4 Should we take animism seriously Animism and Philosophy of Religion is intended to be the first authoritative scholarly volume on the issue of animism and its place in the philosophy of religion Ambitiously it aims to act as the cornerstone volume for future work on the subject and as a key text for courses engaging with the subject

The Living World Daniel Payne, 2025-08-08 The Living World Reclaiming Animism in the Contemporary Age is a call to remember what our ancestors knew that the Earth is alive aware and in constant conversation with us Blending scholarship indigenous wisdom and practical guidance this book offers both a philosophical framework and hands on practices for living in deeper reciprocity with the more than human world From plant intelligence to sacred reciprocity from community rituals to ecological restoration it charts a path toward a cultural transformation rooted in respect relationship and reverence for all life
