**The Chaldaean Oracles of Zoroaster** Anonymous, 2023-11-20 The Chaldaean Oracles of Zoroaster is a fascinating collection of mystical

texts that blend Gnostic Platonic and Eastern philosophical traditions reflecting an intricate understanding of metaphysics and divine hierarchy. Written in a cryptic style, these oracles are attributed to Zoroaster and are critical to the study of Neoplatonism as they seek to articulate the relationship between the divine and the human soul. The text employs rich allegorical language and symbolic imagery, immersing the reader in a spiritual journey that transcends conventional religious dogmas, thus offering a glimpse into the synthesis of ancient wisdom from various cultures. The author of these enigmatic writings remains anonymous, suggesting a collective wisdom rather than individual authorship. It is likely that the oracles were composed during a time when various religious and philosophical influences were converging in the Hellenistic world. This synthesis of ideas reflects the author's deep engagement with contemporary thought and spiritual practices, capturing the intellectual zeitgeist of late antiquity while addressing universal questions of existence and transcendence. For scholars and enthusiasts of ancient philosophy, *The Chaldaean Oracles of Zoroaster* is an indispensable text that deepens one's understanding of mystical traditions and their implications for contemporary thought. This book invites readers to explore its profound messages and encourages a contemplative engagement with the nature of reality and the divine.

**"The Wolf Era Ends, and The Sheep Era Starts": Zoroastrian Apocalypticism in The Ma'ni-yi Vahman Yasht** Pooriya Alimoradi, 2024-12-16. This book studies for the first time the *Ma ni yi Vahman Yasht*, the New Persian version of the *Zand Wahman Ya t*, the most important Zoroastrian text in apocalyptic genre. Through offering a critical edition, translation, and commentary, Alimoradi argues that the *MVY* is not a translation of the extant Pahlavi *ZWY* and is derived from another recension of apocalyptic materials in Pahlavi. He also offers suggestions in identifying several unspecified characters and events referred to in the text, whose identities have been debated for decades. The book is relevant to those interested in Zoroastrianism, Iranian apocalyptic traditions, and anyone studying the Arab conquests in Western and Central Asia in 6th to 9th c CE.
