## **Vis And Ramin Penguin Classics:**

Vis and Ramin Fakhreddin Gorgani, 2022-10-01 Vis Ramin is one of the world's great love stories. It was the first major Persian romance written between 1050 and 1055 in rhyming couplets. This remarkable work has now been superbly translated into heroic couplets, the closest metrical equivalent of the Persian, by the poet and scholar Dick Davis. Vis Ramin had immense influence on later Persian poetry and is very probably also the source for the tale of Tristan and Isolde which first appeared in Europe about a century later. The plot, complex yet powerfully dramatic, revolves around royal marital customs unfamiliar to us today. Shahru, the married queen of Mah, refuses an offer of marriage from King Mobad of Marv but promises that if she bears a daughter she will give the child to him as a bride. She duly bears a daughter, Vis, who is brought up by a nurse in the company of Mobad's younger brother Ramin. By the time Vis reaches the age of marriage, Shahru has forgotten her promise and instead weds her daughter to Vis's older brother Viru. The next day Mobad's brother Zard arrives to demand the bride and fighting breaks out during which Vis's father is killed. Mobad then bribes Shahru to hand Vis over to him. Mobad's brother Ramin escorts Vis to her new husband and falls in love with her on the way. Vis has no love for him and turns to her old nurse for help. Told in language that is lush, sensual and highly inventive, *Vis and Ramin* is a masterpiece of psychological perceptiveness and characterization. Shahru is worldly and venal, the nurse resourceful and amoral; she will immediately remind Western readers of the nurse in Shakespeare's *Romeo and Juliet*. Vis is high-spirited and determined, Ramin impetuous and volatile. And the hopeless psychological situation of Vis's husband, Mobad, flickers wearily from patience to self-assertion to fury and back again. The origins of *Vis and Ramin* are obscure. The story dates from the time of the Parthians who ruled Persia from the third century BCE to the third century CE and certainly existed in oral and perhaps written form before the eleventh century. Persian poet Fakhraddin Gorgani composed the version that has come down to us.

**The Seduction of Pessimism in the Novel** Tom Ribitzky,2024-10-31 The Seduction of Pessimism in the Novel Eros Futility and the Quarrel with Philosophy explores the novel as a response to the Platonic myth that narrates the rift at the core of our being Eros is supposedly the consolation for this rift but the history of the novel documents its expression as one of frustrated desires neuroses anxieties and cosmic doom As if repeating the trauma from that original split in Plato a split that also divides philosophy from literature the novel treats eros as a site of loss and grief from the medieval romances to Goethe Emily Bront Proust Mann Woolf D H Lawrence and Nabokov The pessimism that emerges from this eros tells us something fundamental about who we are something that only the novel can say At a time when both education and leisure are increasingly ignoring the novel s imperative to sit with ambiguity complexity and contingency and as we are hurtling toward a bleak future of climate catastrophe and political instability the novel is one of the last bastions of humanity even as it is quickly being eroded

Silverstein argues that Muslim sources preserve important pre Islamic materials on Esther that have not survived elsewhere some of which offer answers to ancient questions about Esther such as the meaning of Haman's epithet in the Greek versions of the story the reason why Mordecai refused to prostrate before Haman and the literary context of the plot of the eunuchs to kill the Persian king Throughout the book Silverstein shows how each author's cultural and religious background influenced his or her understanding and retelling of the Esther story In particular he highlights that Persian Muslims and Jews were often forced to reconcile or choose between the conflicting historical narratives provided by their religious and cultural heritages respectively **The American Institute of Iranian Studies** Erica Ehrenberg, 2025-06-17 The American Institute of Iranian Studies is devoted to fostering research in the field of Iranian studies and promoting scholarly exchange between the United States and Iran This collection of essays addresses the history and development of Iranian studies in the United States and the pivotal role of the Institute in furthering research in the field The purview of the Institute is vast covering Iranology the study of Iranian peoples and cultures both within and across regions of Central and South Asia and the Middle East where various forms of the Persian language are spoken In keeping with the Institute's dedication to facilitating research in Iran the chapters in this volume represent fields of inquiry that have benefited from direct access to materials in the country The essays describe the founding and work of the Institute the emergence of Iranian studies in American universities the Encyclopaedia Iranica early archaeological research in Iran by the University of Pennsylvania and the University of Chicago the birth and development of American museum collections of art from Iran and case histories of areas of Iranian Studies that have been the traditional focus of Institute sponsored research including art history history philology religion and sociology The contributors to this volume are Ahmad Ashraf Shiva Balaghi Medhi Bozorgmehr Elton L Daniel Erica Ehrenberg Carl W Ernst Stephen C Fairbanks Prudence O Harper Linda Komaroff Judith A Lerner Franklin D Lewis
