COMPARISON

Comparison Criterion	Midjourney	DALL-E	Stable Diffusion	Chabotix	Bing Image Creator	Simplifield
User-friendliness	Suitable for both beginners and experienced users.	Highly intuitive and user-friendly, ideal for beginners.	Suitable for users with a bit of technical background, offering more control over the generation process.	Extremely easy to use, making it great for beginners.	Very easy to use.	Designed with a focus on simplicity and efficiency for business and marketing purposes.
Features	Wide range of features, including pneumatic styles, images (blurred and text-to-image generation).	Known for its ability to create detailed and coherent images from complex prompts.	Allows for fine-tuning of images, appealing to users who like to tweak details.	Basic but efficient, suitable for straightforward image generation.	Simple text-to-image generation with features.	Text-to-image generation with features tailored to creating marketing and social media content.
Quality of output	High-quality images with realistic details and a wide range of styles.	Generates high-resolution images with a focus on realism and detail.	The high-resolution output is impressive.	Good for basic purposes.	Mixed quality of images.	Generally high-quality images.
Cost	Offers a subscription plan.	Offers a freemium model with a certain number of free credits, then shifts to a paid model.	10 free credits with option to purchase more.	Free to use.	Free as part of Bing search.	The free plan offers a reasonable amount of credits that get renewed each month. Offers also a subscription plan.
Advantages	Generate a wide variety of images with possibility for generation of their alternatives.	DALL-E 2 is great for beginners, in case of DALL-E 3 its advantages lie in more fine style of providing commands.	Good level of customization.	Ideal for simple image generations.	Great for quick and simple creations.	The range of tools and options available in Simplifield makes it a go-to for various creative projects.
Disadvantages	Can be difficult to use for beginners and paid plans can be expensive for some users.	Sometimes it takes time to get the desired results with DALL-E 2, DALL-E 3 is not available for free.	There's a bit of a learning curve, especially with all the customization options.	Lack of customization.	Not suited for complex or highly artistic projects.	Paid plans can be expensive for some.

This friendly accessible book offers dozens of creative activities to help teachers use edtech tools to engage their students in the language learning process. Many teachers of multilingual students could improve learning outcomes through the use of education technology but don't have time for in depth professional development that would help them in their work in this area. This book fills that gap offering guidance and inspiration to teachers of English as a Second or Other Language (ESOL) as well as to educators in other disciplines who work with multilingual learners. Organized by six key language acquisition skills: reading, writing, speaking, listening, vocabulary, and pronunciation, each chapter features eight to twelve activities to engage students and facilitate language learning. The activities are tech driven yet flexible enough to adapt to the needs of different classroom settings. While some specific tools are discussed, the book shows teachers how to make the activities work with the technology they have available. The book includes links to ready to use slide decks for every activity. Offers a knowledgeable and thoughtful introduction to using AI with language learners. Features a backward design pedagogical approach in which each activity has an end goal in mind and is then developed to incorporate appropriate and effective tools. Is accompanied by the ELT Toolkit, a searchable online database of edtech tools for English language teachers hosted by TESOL International Association. Includes connections to the ISTE Standards in every chapter. Based on research backed practices, this book's fun and practical approach will help busy teachers leverage technology to make the language learning process more fun and effective for their students. Audience: Secondary and higher ed TESOL educators and teachers working with ESL students. **ECAI 2012** C. Bessiere, 2012-08-15. Artificial intelligence AI plays a vital part in the continued development of computer science and informatics. The AI applications employed in fields such as medicine, economics, linguistics, philosophy, psychology, and logical analysis, not forgetting industry, are now indispensable for the effective functioning of a multitude of systems. This book presents the papers from the 20th biennial European Conference on Artificial Intelligence (ECAI 2012) held in Montpellier, France, in August 2012. The ECAI conference remains Europe's principal opportunity for researchers and practitioners of Artificial Intelligence to gather and to discuss the latest trends and challenges in all subfields of AI as well as to demonstrate innovative applications and uses of advanced AI technology. ECAI 2012 featured four keynote speakers, an extensive workshop program, seven invited tutorials, and the new Frontiers of Artificial Intelligence track in which six invited speakers delivered perspective talks on particularly interesting new research results, directions, and trends in Artificial Intelligence or in one of its related fields. The proceedings of PAIS 2012 and the System Demonstrations Track are also included in this volume, which will be of interest to all those wishing to keep abreast of
