generalist practice perspective *Techniques and Guidelines for Social Work Practice* illustrates multiple ways in which both direct and indirect intervention activities are a part of the social worker's repertoire. Touching upon everything from cultural competence to macro practice, the content of this text is so widely applicable it is an invaluable aid in making the transition to a professional career in social work and a staple of professional social work libraries. In a classroom, it is ideal for use in advanced practice capstone and field work courses. Parts I and II summarize the essential foundation elements of social work practice while Parts III through V set out 157 clearly described techniques and guidelines that can be used by students and new practitioners. The latest edition includes many changes that make it just as essential as previous editions. Techniques deleted from prior editions due to space restrictions are now available at www.ablongman.com/sheafor7e. New techniques include guidelines for assessing small group functioning, family group conferencing, and building mentoring relationships, as well as addressing client concerns related to spirituality and religion and serving the client or community experiencing an emergency or disaster. Following the lessons of 9/11, new content is included to prepare social workers to deal with a client or community emergency. Information is included on family group conferencing, a new approach based on the principles of restorative justice about which social workers should be knowledgeable. New guidelines for using mentoring relationships in which senior practitioners without direct administrative responsibilities support and nurture developing social workers are included in this edition along with new guidelines for assessing small group functioning as a means of strengthening subsequent intervention activities with groups. Chapter 14 now includes a straightforward description of techniques for conducting empirical direct practice evaluation with current illustrations based on students' applications of the most commonly used evaluation tools.

Direct Practice in Social Work Scott W. Boyle, Larry L. Smith, O. William Farley, Grafton H. Hull, Jannah Hurn Mather, 2013-11-01. This highly readable direct practice text offers a practical introduction to the theories and skills necessary to engage in effective strengths-based practice. Developed specifically to address the issues facing students as they prepare for direct practice in today's world, *Direct Practice for Social Work* interweaves diversity and social justice throughout the chapters and teaches students how to make the connections between major theories and real-world situations. Written in an engaging style by experienced authors, this text encourages the development of students' critical thinking skills while demonstrating the practical applications of theory. Highlights include chapters opening with case studies, numerous case studies in each chapter, and more modeled responses, sample dialogues, and exercises than are found anywhere else. Comprehensive coverage of the major theories and adherence to CSWE guidelines make this text an invaluable addition to any professional social work educational or professional library.
