Voluntary Associations in Tsarist Russia Joseph Bradley,2009-06-30 This text investigates the role of learned mostly scientific societies in building civil society in imperial Russia It challenges the idea that Russia did not have the building blocks of a democratic society

Cultural Identity and Civil Society in Russia and Eastern Europe David M.

Borgmeyer,Nicole Monnier,Andrew Kier Wise,2014-07-24 This volume is dedicated to the memory of Charles E Timberlake

The contributors include his former colleagues and students The first section deals with Liberalism and Civil Society in

Russia and Eastern Europe Alla Barabtarlo discusses unfinished research conducted by Charles Timberlake on the liberal

activist Ivan Petrunkevich Evgeny Badredinov analyzes research on the Russian village conducted by an important liberal

lawyer and sociologist Maksim Kovalevskii Andrew Wise examines commentary by Polish liberals and their exiled Russian

colleagues published in the Warsaw press from 1920 1923 The second section deals with Orthodoxy and Cultural Identity in

Late Imperial Russia Robert Nichols explains the role in Russia s monastic revival played by Gethsemane skete a monastic

Civil Society in Europe Tymen J. van der Ploeg,Wino J. M. van Veen,Cornelia R. M. Versteegh,2017-06-01 The regulation of civil

two ways First the approaches of the Council of Europe and the European Union are explored Next civil society regulation in

Obshchestvennost' and Civic Agency in Late

Imperial and Soviet Russia Yasuhiro Matsui,2015-10-13 In modernizing Russia obshchestvennost an indigenous Russian

word began functioning as a term to illuminate newly emerging active parts of society and their public identities This volume

approaches various phenomena associated with the term throughout the revolution examining it in the context of the press

Historians and Historical Societies in the Public Life of Imperial Russia Vera

Kaplan,2017-02-27 What was the role of historians and historical societies in the public life of imperial Russia Focusing on

the Society of Zealots of Russian Historical Education 1895 1918 Vera Kaplan analyzes the network of voluntary associations

that existed in imperial Russia showing how they interacted with state public and private bodies Unlike most Russian voluntary associations of the late imperial period the Zealots were conservative in their view of the world Yet like other history associations the group conceived their educational mission broadly engaging academic and amateur historians supporting free public libraries and widely disseminating the historical narrative embraced by the Society through periodicals The Zealots were champions of voluntary association and admitted members without regard to social status occupation or gender Kaplan s study affirms the existence of a more substantial civil society in late imperial Russia and one that could endorse a modernist program without an oppositional liberal agenda *Russia's Social Gospel* Daniel

Scarborough,2022-06-21 The late Russian Empire experienced rapid economic change social dislocation and multiple humanitarian crises enduring two wars two famines and three revolutions A pastoral activism took hold as parish clergymen led and organized the response of Russia s Orthodox Christians to these traumatic events In Russia s Social Gospel Daniel Scarborough considers the roles played by pastors in the closing decades of the failing tsarist empire and the explosive 1917 revolutions This volume draws upon extensive archival research to examine the effects of the pastoral movement on Russian society and the Orthodox Church Scarborough argues that the social work of parish clergymen shifted the focus of Orthodox practice in Russia toward cooperative social activism as a devotional activity He furthers our understanding of Russian Orthodoxy by illuminating the difficult position of parish priests who were charged with both spiritual and secular responsibilities but were supported by neither church nor state His nuanced look at the pastorate shows how social and historical traumas shifted perceptions of what being religious meant in turn affecting how the Orthodox Church organized itself and contributed to Russia s modernization **Secularism in Question** Ari Joskowicz,Ethan B. Katz,2015-06-30 For

much of the twentieth century most religious and secular Jewish thinkers believed that they were witnessing a steady ongoing movement toward secularization Toward the end of the century however as scholars and pundits began to speak of the global resurgence of religion the normalization of secularism could no longer be considered inevitable Recent decades have seen the strengthening of Orthodox movements in the United States and in Israel religious Zionism has grown and radically changed since the 1960s and new and vibrant nondenominational Jewish movements have emerged Secularism in Question examines the ways these contemporary revivals of religion prompt a reconsideration of many issues concerning Jews and Judaism from the early modern era to the present Bringing together scholars of history religion philosophy and literature this volume illustrates how the categories of religious and secular have frequently proven far more permeable than fixed The contributors challenge the problematic assumptions about the development of secularism that emerge from Protestant European and American perspectives and demonstrate that global Jewish experiences necessitate a reappraisal of conventional narratives of secularism Ultimately Secularism in Question calls for rethinking the very terms that animate many of the most contentious debates in contemporary Jewish life and far beyond Contributors Michal Ben Horin Aryeh Edrei
