If you picked up this book, you probably have one or are considering getting one. For its email service, Gmail is easy enough to use: compose, email, send, email done. But there's more to Gmail than sending and receiving email. How do you get not-spam emails to stop showing up as spam? For example, what on Earth are labels? And how do you get email forwarded to another inbox? If you want to be a power user, then read on. **Gmail User Guide for Seniors** Mary C.
