The days of earning 5% on your high yield savings account are coming to a close Interest rates should be around 3% within a year However to beat inflation we must generate at least 10% annual returns That leaves savers with a 7% gap so they can survive inflation and cost of living increases To best inflation we must think outside of the box We cannot depend on interest income from the bank to help us beat these price onslaughts Therefore we can increase our income by renting rooms trading options and high yield investing The only way to beat the capitalists is to join them Good Luck
