Exploring Management John R. Schermerhorn, 2011-10-11

The primary goal of this edition of *Exploring Management* is to help build core management competencies for today's global and more complex workplace including issues related to planning, organizing, leading, and controlling POLC with more hands-on type materials such as cases, exercises, and application. Schermerhorn uses a conversational and interactive writing style to master concepts in a bite-size and fundamental approach. This text presents managerial concepts and theory in a straight-forward, interesting style with a strong emphasis on application. The discussion of theory is framed in a unique, engaging, and concise way. The goal is to promote critical thinking and ability to make sound business decisions using managerial theory. Concepts are explored and reinforced by most hands-on applications, exercises, cases, and the integration of technology. The text also focuses on the most important aspects of the POLC model, emphasizing skill building

Exploring Management

It offers a clean, engaging, and innovative approach that motivates students and helps them understand and master management principles

Radical Business Model Transformation

Carsten Linz, Günter Müller-Stewens, Alexander Zimmermann, 2017-01-03 Many companies are relying on a business model that is fundamentally suited to a different era. Now organizations are under pressure from new trends such as digitization and servitization. Trying to adapt to a new environment, they risk relying on improvements that only scratch the surface of developing a radically different value proposition. Based on rigorous research into companies that have successfully and radically redesigned their business models, *Radical Business Model Transformation* shows why they made the leap, what they had to do to achieve it, and how it has transformed the potential for their organizations. This book is a step-by-step guide for leaders who want to seize the opportunity of new business models and gain a competitive advantage. It explains how to assess the status quo, identify the value of future business models, and develop a transformation path. It also provides advice on how

to involve both the leadership team and all other employees in order to implement successful business model transformation Illustrative case studies of organizations that have crossed the line to a more transformative business range from exponential growth companies like Netflix and global players like Xerox SAP and Daimler to mid sized hidden champions like Knorr Bremse and LEGIC Radical Business Model Transformation is essential reading for business leaders transformation experts and MBA students interested in ensuring that their business model is future proof and can withstand the new proliferation of innovations that are set to transform the business landscape Online supporting resources include a business model transformation calculator to help design your transformation path

De Gruyter Handbook of Media Technology and Innovation Richard A. Gershon,2025-01-27 The De Gruyter Handbook of Media Technology and Innovation brings together scholars from around the world to provide key insights on emerging technology trends and issues related to the fields of media management information technology product design planning and digital lifestyle This handbook is about the power of good ideas It's about those business enterprises government planners educators and entrepreneurs that have harnessed the power of good ideas to become real difference makers in the world we live in Keeping pace with fast paced technology change requires ongoing assessment and reassessment of the media management and technology fields to address important questions and emerging issues A major premise of this book is that given the complex and ever changing state of media technology we have a responsibility and obligation to engage in a broader interdisciplinary dialogue whose purpose is to understand the current and future state of media technology and innovation as well as to appreciate the social impact that such technologies have on business education and the general public Forecasting the future as any weatherperson or stock broker can tell you is a risky business But in this book we use the phrase the creative next step as a way to talk about the future and what we can expect in terms of the opportunities and challenges going forward

Ebook: Managerial Economics and Organizational Architecture Brickley,2015-05-16 Ebook Managerial Economics and Organizational Architecture

The Art of Compassionate Business Bruno R. Cignacco,2023-12-01 There are several well ingrained assumptions regarding the dynamics of work and business activities which can be refuted Some examples of these widespread assumptions in business and work environments are employees being viewed as commodities competitors perceived as threats companies resources seen as limited and customers perceived as scarce and difficult All this leads to the question Is there a way to perform business activities more humanely The second edition of this book challenges the reader to change the way they perform in business situations and become more focused on the human aspects of business activities The users of this knowledge and those affected by them will undergo a profound transformation in the way they perform business activities They will benefit from gradually testing and implementing the guidelines conveyed in this book both in the business environment and in the workplace When readers put these principles into practice positive ripple effects are bound to affect other stakeholders of the organisation they work for or own The author has refreshed all the concepts and examples introduced in the first edition

which include aspects related to mission and vision passion business mindset organisational learning improvement of business conversations use of constructive criticism and betterment of relationships with the most relevant stakeholders customers suppliers intermediaries community employees etc The author also includes a discussion of creativity and the innovation process as well as other relevant aspects related to a healthy business environment and provides various real life examples of companies which have adopted a loving attitude towards their stakeholders which has become so important in the current business environment

Management John R. Schermerhorn, Jr,2010-10-18 Completely updated and revised this eleventh edition arms managers with the business tools they ll need to succeed The book presents managerial concepts and theory related to the fundamentals of planning leading organizing and controlling with a strong emphasis on application It offers new information on the changing nature of communication through technology Focus is also placed on ethics to reflect the importance of this topic especially with the current economic situation This includes all new ethics boxes throughout the chapters An updated discussion on the numerous legal law changes over the last few years is included as well Managers will be able to think critically and make sound decisions using this book because the concepts are backed by many applications exercises and cases

Private Practice MBA

Jeremy Pyle, Robbie Poe, 2023-03-21. A step by step road map for creating the business that you, your staff and your patients deserve. Let's get real. Should you read this book? Here's the thing: Most physicians aren't looking for something new. Most of us are pretty set in our ways and we're taught from day one to be fearful of running our own practices. But what if you didn't have to do it alone? What if you knew how to run a thriving practice that didn't run your life into the ground? What if there was a step by step system that you felt confident implementing yourself? That's exactly what you'll find within the pages of this book. And if that's the kind of thing you've been looking for, then let's get started together.
