

The background of the entire image is a vibrant blue field filled with glowing white and yellow circuit lines, resembling a digital or cybernetic theme. Scattered throughout this background are several Samsung Galaxy devices, including smartphones and tablets. Each device is shown with a dark screen displaying a colorful, abstract floral or petal-like pattern in shades of purple, pink, and blue. Overlaid on each device screen is a yellow rectangular badge with the text "CYBER MONDAY" in black and "DEALS" in white. The central focus of the image is the large, bold white text "BEST CYBER MONDAY SAMSUNG GALAXY DEALS".

**iTake-Over** David Arditi, 2014-12-11 iTake Over The Recording Industry in the Digital Era sheds light on the way large corporations appropriate new technologies related to recording and distribution of audio material to maintain their market dominance in a capitalist system All too commonly scholars have asserted too confidently how the rise and reign of digital music has diminished the power of major record labels In iTake Over music scholar David Arditi argues otherwise adopting a broader perspective by examining how the recording industry has strengthened copyright laws for their corporate ends at the expense of the broader public good which has traditionally depended on the safe harbor of fair use Arditi also challenges the dominant discourse over digital music distribution which has largely adopted the position that the recording industry has a legitimate claim to profitability at the detriment of a shared culture iTake Over more specifically surveys the actual material effects that digital distribution has had on the industry Most notable among these is how major record labels find themselves in a stronger financial position today in the music industry than they were before the launch of Napster Arditi contends that this is largely because of reduced production and distribution costs and the steady gain in digital music sales Moreover instead of merely trying to counteract the phenomenon of digital distribution the RIAA and the major record labels embraced and then altered the distribution system Throughout the 1990s and early 2000s the RIAA lobbied for legislation built technologies and waged war in the courts in order to shape the digital environment for music distribution From mp3s to the Digital Millennium Copyright Act DMCA from the Audio Home Recording Act AHRA to iTunes the major record labels and the RIAA instead of trying to torpedo the switch to digital distribution engineered it to their benefit often at the expense of the public interest

Throughout Arditi boldly asserts that the sea change to digital music did not destroy the recording industry. Rather it stands as a testament to the recording industry's successful management of this migration to digital production and distribution. As such, this work should appeal to musicians and music scholars, political scientists and sociologists, technologists and audio professionals seeking to grasp this remarkable change in music production and consumption.

**The Samsung Way: Transformational Management Strategies from the World Leader in Innovation and Design** Jaeyong Song, Kyungmook Lee, 2014-08-22 An insider's account of the management principles driving one of the world's most innovative companies. Twenty years ago, few people would have predicted that Samsung could transform itself from a low-cost original equipment manufacturer to a world leader in R D, marketing and design, with a brand more valuable than Pepsi, Nike or American Express. Based on ten years of research inside Samsung and interviews with 80 of Samsung's top executives, *The Samsung Way* tells the compelling story of how Samsung has grafted Western business practices onto its essentially Japanese system, combining its low-cost manufacturing prowess with an ability to bring high-quality, high-margin branded products swiftly to market. Jaeyong Song is Professor of Strategy and International Management at Seoul National University (SNU). He received his Ph.D. at the Wharton School, University of Pennsylvania. Kyungmook Lee is Professor of Organizational Behavior and Human Resource Management at Seoul National University Business School, where he currently serves as Senior Associate Dean for academic affairs. He received his Ph.D. at the Wharton School, University of Pennsylvania.

**International Business** Shad Morris, James Oldroyd, 2020-08-25 Leveraging their extensive background at multi-national corporations, co-authors Shad Morris and James Oldroyd created an International Business course that is current, concise and easy to implement. As instructors themselves, the authors focused on engaging pedagogy that prepares students for the global marketplace and created interactive resources to deepen the learning experience. This second edition of *International Business* includes extensive updates, including coverage on important topics like COVID-19, Brexit and the US-China trade war. Additionally, the WileyPLUS course provides just-in-time resources like chapter introductory videos, whiteboard animations, cases, case application problems, adaptive practice and more to help students apply their learning and think critically.
