Steve Russo

The Day I Was Sent To The Principals Office:

The Day I Was Sent to the Principal's Office Steve Russo, 2013-04 From the time he was a child Steve Russo knew that he wanted to be an educator It was his dream to be a teacher to influence and shape young lives and minds and he has lived that dream for twenty eight years As with many teachers he didn't get into the field for money but his rewards have been many and rich over his career As an administrator he encouraged his teachers to remember the daily opportunity to influence and inspire their students and to make those influences powerfully positive ones It's a rule he tries to live by every day He starts with the story of his first trip to the principal's office as a young student In a deliciously ironic turn he has returned to that same office this time behind the desk as the principal Now he shares some of his favorite memories from a life lived as a public school administrator These stories are not only a representation of his career in education but also a reflection of his life All the stories are true with no details exaggerated to enhance the stories because in the life of an administrator fact can be more amusing than fiction
