## **Yearning For Normal Learning Acceptance:**

**Yearning for Normal** Susan E Busch, 2015-02-05 This award winning book tells a mother's story of raising her son Michael who was born missing a submicroscopic piece of chromosome 22. That tiny missing fragment of DNA affected every aspect of his life physically, mentally, and spiritually. Michael's mother describes her adventures and misadventures with the medical system, educational system, and legal system during his growing up years. While Michael and his mother were both yearning for normal through their struggles, they were also learning acceptance of life as it is with all its glory and imperfections.

**Yearning for Normal** Susan Ellison Busch, 2013-08-13 This award winning book tells a mother's story of raising her son Michael who was born missing a submicroscopic piece of chromosome 22. That tiny missing fragment of DNA affected every aspect of his life physically, mentally, and spiritually. Michael's mother describes her adventures and misadventures with the medical system, educational system, and legal system during his growing up years. While Michael and his mother were both yearning for normal through their struggles, they were also learning acceptance of life as it is with all its glory and imperfections. This heartbreakingly moving journey takes readers through hospitals, backyards, schoolrooms, psychiatric wards, court rooms, a burn unit, and the corridors of Susan's heart. This story is not just for parents of children with special needs but for their friends, neighbors, doctors, nurses, teachers, speech therapists, social workers, police officers, paramedics, firefighters, ministers, and whoever else likes a good story. This story is also for those who have watched someone they love suffer and felt hopeless and powerless, wondering where God was in the midst of the pain.

It addresses the various human attachment styles, how they develop, and how they affect our relationships with other human beings. It is a glimpse into both the light and dark side of being human. It is an embrace of all that is, as that which is meant to be, balancing the above with the below, the good with the bad, and an appreciation of endings without resentment. It is an insightful look into what it means to be human that reconnects one to the true essence of their humanness.
