*The Apple Orchard* Cynthia Luhrs, 2024-11-04 Escape to Blueberry Hill where second chances bloom and new beginnings are always within reach. In the first book Tara found out her husband had lost all their money and had cheated on her with a woman the same age as her daughter. Married right after college and with no employable skills Tara found herself adrift. After settling into the cottage she inherited from a distant aunt Tara met Will a man from her past. They're getting to know each other all over again. This time she's taking things slow. But Tara isn't the only one starting over. Evan and Emily Tara's eldest son and her daughter in law are preparing for the arrival of their first baby. Yet with Evan's demanding career in Seattle pulling him away Emily longs for safety and simplicity. As tensions rise they'll have to decide what kind of life they truly want. For themselves and their growing family. For Ally the middle daughter moving to Blueberry Hill after a toxic relationship was her chance to reclaim her independence. She's pouring everything into her flower business and the tiny house she's building. Love is not on the agenda especially not with her mysterious new neighbor Colton Matthews. Once a Major League Baseball star Colton is hiding from the world and perhaps from himself. But as sparks fly between them Ally must decide if she's ready to open her heart again or if her past will keep her from the future she deserves. And then there's Christina the youngest daughter who's been keeping secrets. While the rest of the family wonders if there's someone new in her life the truth behind her long weekends might surprise them all. *The Apple Orchard* is a heartwarming story of second chances family bonds and the quiet beauty of starting over. Cozy up with Tara and her family as they discover that sometimes the life you've always needed is waiting for you in the most unexpected place. Perfect for fans of Robyn Carr Pamela Kelley and Debbie Macomber this cozy feel good novel will sweep you into the warmth of Blueberry Hill where second chances are never out of reach and the comfort of family is always close at hand

I'm addicted to getting some on my own honeymoon. One of these things is not like the other. I am pretty sure a serial killer's lair is the only place in the world where I could stash my new husband so he can't manage the acquisition of our new company. And that seems a little drastic. But only a little. All I want is one week alone with him. Hours in bed legs tangled together in ecstasy room service and long walks on the beach in Hawaii. Not vying for his kisses around a Bluetooth microphone. The Borg aren't sexy in real life. So I'm taking matters into my own hands and hitting reboot on our honeymoon. We're going to a place so remote that no one can find us. Not even my mother. Read what others are saying about *Julia Kent*.
