[Library & Information Science Abstracts](#) ,2005 [At a Loss for Words](#) Carol Off,2024-09-03 AN INSTANT 1 NATIONAL BESTSELLER A HILL TIMES BEST BOOK 2024 Award winning author and broadcast journalist Carol Off digs deep into six words whose meanings have been distorted and weaponized in recent years including democracy freedom and truth and asks whether we can reclaim their value As co host of CBC Radio s As It Happens Carol Off spent a decade and a half talking to people in the news five nights a week On top of her stellar

writing and reporting career those 25 000 interviews have given her a unique vantage point on the crucial subject at the heart of her new book how in these polarizing years words that used to define civil society and social justice are being put to work for a completely different political agenda Or they are being bleached of their meaning as the values they represent are mocked and distorted As Off writes If our language doesn't have a means to express an idea then the idea itself is gone even the range of thought is diminished And as she argues that's a dangerous loss In six wide ranging chapters Off explores the mutating meanings and the changing political impact of her six chosen words freedom democracy truth woke choice and taxes unpacking the forces from right and left that have altered them beyond recognition She also shows what happens when we lose our shared political vocabulary we stop being able to hear each other let alone speak with each other in meaningful ways This means we stop being able to reckon with the complexity of the crises we face leaving us prey to conspiracy theories autocrats and the machinations of greed At a Loss for Words is both an elegy and a call to arms
