The Descendants Of Cain:

Descendants of Cain Frank Alicea III, 2019-02-19 For far too long the myth of the vampire has haunted our imagination and inspired our works of art yet immortal as vampires are they remain simply that a myth But what if there was scientific data that could explain the literal existence or even the possibility to legitimize the vampire as fact Well there is This volume of the Descendants of Cain Trilogy takes a deeper look at the characters introduced in Volume One delving into their past history and answering the questions that remained unanswered before New characters are introduced testing the moral core of the original characters and the limits of betrayal and deceit along with the fragile bonds of ancient friendships The past was told and now the present begins and the myth of the vampire comes alive in our own time Will they survive long enough as a species to make it into the future Perhaps but will we be there to witness their glory and be seduced by their power Only time will tell A Smaller Scripture History in Three Parts William Smith, 1871 **The Descendants of Cain** Ji-moon
