is why you can offend and hurt a man without even having the slightest clue This is because you respond from different premise for decision making The woman sees most things emotionally in the relationship but the man calculates the woman and responds to her logically This is why I told you that the mistakes I am talking about are things outlandish to you You might even say that you meant no harm or didn't even know So this book will show you and teach you how men calculate their women with logic This is why most times it's the woman who walks out of the relationship heart broken and dejected without a clue where she went wrong I once sat with a girl and she opened up about all her relationships and how she had been dumped painfully and severally She was opening up to me from a view that she did nothing wrong But as a man I noticed she had done some things wrong without even knowing I couldn't even tell her because she was hyper emotional and was not open to a logical explanation But me being the man knew that she had committed too many grievous mistakes emotionally without really knowing When a woman commits a mistake her man corrects her But when she commits a grievous mistake he says nothing and makes a drastic decision known only to himself This book is an eye opener You will see some things you did thinking that you were pleasing your man but you were only killing your relationship This book will tell you things you do unconsciously that has broken or cost you your relationship without you even knowing Only a man can tell you these mistakes and I have decided to be that man This mistake will shock you they are things you least expect it but they have destroyed many relationships and marriages Enjoy and do share with people you love Scroll up to purchase this book
