    *The Remaking of Pittsburgh* Francis G. Couvares,1984-06-30 What forces transformed a community in which industrial  
workers and other citizens exercised a real measure of power over their lives into a metropolis whose inhabitants were  
utterly dependent on Big Steel How did a city that fervidly embraced the labor struggle of 1877 turn into the city which so  
fiercely repudiated the labor struggle of 1919 The Remaking of Pittsburgh is the history of this transformation The cultural  
dimensions of industrialization come to life as Couvares calls upon labor history urban history and the history of popular  
culture to depict the demise of the craftsman's empire and the birth of a cosmopolitan bourgeois society The book explores  
the impact of immigration on the shaping of modern Pittsburgh and the emergence of mass culture within the community In  
the midst of these processes of transformation the giant steel corporations were continually reshaping the life of the city
