Stevens,2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God s new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news **Working Blessedly Forever, Volume 3** R.
