## **The Learning Congregation** **The Learning Congregation:**

**The Learning Congregation** Thomas R. Hawkins, 1997-01-01 Congregations today face an adaptive challenge of immense proportions. Many respond with classic signs of work avoidance holding to past assumptions and blaming authority. Thomas Hawkins' new vision of church leadership can provide a way to break through these defensive routines. **The Learning Congregation** is a must read for all pastors and church leaders. *How Your Congregation Learns* Tim Shapiro, 2017-06-09 Change isn't always easy or intuitive. *How Your Congregation Learns* introduces churches and leaders both lay and ordained to the process of the learning journey. By understanding learning dynamics and working to become a learning community, the congregation will be able to move more purposefully to achieve its goals. Congregations face many kinds of challenges. Some are mundane: the roof leaks, the parking lot needs repaving, the microphones don't work well. Some tests are transcendent: How should lives be honored? What is God calling the congregation to do and be? How can generosity be taught? Throughout life, people face challenges for which they are not prepared: the death of a parent, a new job offer, making a decision about where to live. So it goes that congregational leaders face challenges that are just beyond the grasp of their abilities. This book addresses the just-beyond-the-grasp challenges and shows how real congregations can learn from them.

**Becoming a Congregation of Learners** Isa Aron, 2013-05-02 How can my congregation transform itself? How can we re-dedicate ourselves to learning? Improving spiritual connection in our communities takes work. Combining expert advice and experience garnered from congregations throughout North America, *Becoming a Congregation of Learners* shows us how transformative change is possible. A complete resource full of ideas, information, and support, this is a guide for those of us involved in or interested in energizing our spiritual communities. Isa Aron, director of Hebrew Union College's Experiment in Congregational Education, ECE, offers concrete practical information on how to bring about change and revitalization and helps us make learning a vibrant integral part of congregational life.

*From the Congregational School to the Learning Congregation* Isa Aron, 1993 *Congregations as Learning Communities* Dennis G. Campbell, 2000-12-31 In our rapidly evolving religious scene, congregations that are open to continuous learning and willing to respond to external and internal change will be the ones that achieve new vitality and health. Dennis Campbell describes what those congregations will look like and provides four tools to help a congregation shape its community into what God would have it be. Systems thinking, congregational culture, appreciative inquiry, and scenario planning are explained and illustrated, and readers will be shown how to apply the principles to their setting.

**The Learning Strategies of a Learning Congregation in Practice** Pauline Dunn Harris, 2003 *Learning Change* Jim Herrington, Trisha Taylor, 2017-05-27 How congregations can change into missional, fruitful learning communities. Jim and Trisha understand that profound change roots in individuals before it transfuses systems. Having observed the cycle in themselves as well as in others, they shepherd us into the remissional work of the Holy Spirit. Thomas F. Tumblin, professor of leadership, Asbury Theological Seminary. In a groundbreaking seven-year

experience Jim Herrington and Trisha Taylor led a cluster of churches in a process of personal and congregational transformation that is producing hope and health Built on a sound understanding of learning organization theory adaptive leadership family systems theory and recent discoveries in the neurosciences Herrington and Taylor developed and refined a highly fruitful model of church renewal This model begins with personal renewal in which congregations learn how to become learning communities and ends with church wide transformation Learning Change is the pastor and congregational leaders field guide to leading change Each chapter provides training and information an aspect of the learning change model stories of real life experiences in churches and questions and suggestions for taking this information into a congregational context Developing the Learning Culture of a Local Congregation Ben Jones,2003
