*Torn Desires Trilogy* S. A. M,2014-01-12 Torn Desires Trilogy Confessions is an amazingly sensual love story filled with exhilarating twist and plots This book tugs at the heart and lures the reader into the lives of each character The storyline is based mostly in the beautiful city of Charleston South Carolina but journey off to Richmond Virginia and Lexington Kentucky Samantha Miers appeared to have it all a great career a beautiful home and adoring family and friends but her personal life was a wreck The scars from Sam s past had prevented her from being in a meaningful relationship with anyone Anyone that is except for Richard Dawson her longtime friend The charmingly handsome Richard had been watching over and protected Sam since their college years but he wanted more Although their relationship never developed sexually their bond was unbreakable Sam soon realized that there was no future in loving a married man Therefore she turned her attention to Nicholas Bell the breathtakingly gorgeous farm manager After weeks of sitting on the sidelines and watching Sam fall in love with another man Richard corners Sam forcing her to acknowledge her feelings for him openly Sam fought against it but knew that Richard would continue to pursue the issue until the truth was revealed Their love triangle intensified when Richard discovered that Sam and Nicholas s relationship had developed into an explosion of sexual eroticism But the real battle for her affections began when a crazy stalker threatens Sam s life Nicholas and Richard must join forces to protect her at all cost

*Confession and Complicity in Narrative* Dennis A. Foster,1987-05-29 What is the precise relationship between the writer of a text and the reader Contributions to reader response theory have suggested that the reader is relatively passive In this 1987 text Professor Foster argues that the relationship is more complex than that readers enter into complicity with writers and create the illusion of the writer s mastery over meaning in order to imagine themselves as masters and become writers in their own place This dynamic model of the reading process is revealed most tellingly in confessional narratives and so Professor Foster explores the complex patterns of the reader writer symbiosis in texts by Augustine Kierkegaard Henry James Hawthorne Faulkner and Beckett What emerges is a fresh theory of reading literature the engagement between writer and reader as a struggle for power in which the reader is actively complicit and self conscious in his or her interpretations

*Wild Belief* Nick Ripatrazone,2021-05-18 Midway upon the journey of our life I found myself within a forest dark Dante s Inferno begins with imagery of the wilderness marked by darkness fear and the unknown In folktales legends and children s stories the wilderness is a place of conflict and exile Yet there is another spiritual tradition that embraces the complexities of the wilderness as a place of rejuvenation and wonder a place where Thomas Merton said man purges himself of sediments of society and becomes a new creature A book for those of us who revel in the beauty and mystery of the natural world Wild Belief brings together poets and prophets saints and storytellers from across the ages who share a common search for the spirit Their explorations of forests wetlands and deserts expose the wilderness as both a fearful and a sacred space a tension that aptly captures the unknown and surprising elements of belief

As we join them on their search for the divine our eyes open to the possibilities of transformation to our most fundamental stories and to a fertile spirituality we can only find in the wild **Literary Obscenities** Erik M. Bachman, 2018-03-14 This comparative historical study explores the broad sociocultural factors at play in the relationships among U S obscenity laws and literary modernism and naturalism in the early twentieth century Putting obscenity case law s crisis of legitimization and modernism s crisis of representation into dialogue Erik Bachman shows how obscenity trials and other attempts to suppress allegedly vulgar writing in the United States affected a wide ranging debate about the power of the printed word to incite emotion and shape behavior Far from seeking simply to transgress cultural norms or sexual boundaries Bachman argues proscribed authors such as Wyndham Lewis Erskine Caldwell Lillian Smith and James T Farrell refigured the capacity of writing to evoke the obscene so that readers might become aware of the social processes by which they were being turned into mass consumers voyeurs and racialized subjects Through such efforts these writers participated in debates about the libidinal efficacy of language with a range of contemporaries from behavioral psychologists and advertising executives to book cover illustrators magazine publishers civil rights activists and judges Focusing on case law and the social circumstances informing it **Literary Obscenities** provides an alternative conceptual framework for understanding obscenity s subjugation of human bodies desires and identities to abstract social forces It will appeal especially to scholars of American literature American studies and U S legal history

**Talking Reform** Dany Lacombe, 2025-11-14 Abandoned as an infant and victimized by his adoptive father Mac began drinking heavily in his early teens He left home at fifteen to work in the rugged and isolated logging camps of northern British Columbia earning respect through hard work heavy drinking and violent confrontations with men twice his age At eighteen he spiralled into a life of crime arson theft and drug dealing and at twenty four he was convicted of murder and sentenced to hard time This only deepened his addictions and criminal connections trapping him in a cycle of recidivism On the surface this cycle breaks with a remarkable transformation he battles for sobriety turns away from crime and becomes a revered guest lecturer at a university **Talking Reform** is a conversation between sociologist Dany Lacombe and Mac Part memoir and part ethnography the book critically explores how the prison culture mental health professionals and trauma narratives affected Mac s journey Lacombe argues that the redemptive arc of his story oversimplifies a more complex reality She analyzes the setbacks and failures Mac experiences as he struggles to perform the reformed version of himself developed in collaboration with prison staff and rehabilitation professionals She also reflects on the problematic aspects of Mac s story in his first person memoir and his official prison record and challenges the reader to focus less on his character and more on his narrative of reform From this perspective the reform story is a socially prescribed genre one that compels those who have been convicted of crimes to develop unrealistic stories about themselves Off script Mac formed strong relationships made significant contributions to his communities and found unexpected ways of making meaning of his life Exploring the complexity of managing identity inside and outside of
