The Visual Encyclopedia Of Serial Killers:

The Visual Encyclopedia of Serial Killers Nigel Blundell, Susan Blackhall, 2004 This A Z guide delves into the mind of the serial killer with profiles of the most infamous multiple murderers from around the globe. Featuring some of the most cold blooded serial killers of all time including Charles Manson and the deceptively charming Ted Bundy. *Encyclopedia of Serial Killers* Nigel Blundell, 1996 Organized alphabetically this book presents profiles of some of the most notorious serial killers including John Wayne Gacy, Andrei Chikatilo, Ted Bundy, Dr William Palmer, Fred and Rose West and many others.

The World's Most Evil Gangs Nigel Blundell, 2013-09-02 Crime DOES pay. There's no denying it. And in pursuit of riches and power those outside the law have always tended to band together spawning today's murky brutal world of organised crime. The origins of the archetypical gangster can be traced to 1920s America when Prohibition turned street corner hoodlums into rich and powerful businessmen. But today highly organised, ferociously protective gangs are prevalent throughout the world. Despite their despicable methods we are still fascinated by their labyrinthine networks. How did these gangs form? How do they wield their power? How do they maintain their secretive societies? And how do they evade the massive forces of law and order arrayed against them? Nigel Blundell, who is author of more than a dozen factual crime books, reveals the answers in *The World's Most Evil Gangs*. This book delves into the darkest depths of the underworld from mobsters in America to Hells Angels in Germany to child armies in Africa, not forgetting the monsters on our own doorstep. *Serial Killers Around the World* Dirk C. Gibson, 2014-11-28 *Serial Killers Around the World: The Global Dimensions of Serial Murder* compiles serial murder case studies from several countries from Australia to Great Britain and from Japan to Pakistan. The author has covered accounts on a wide array of serial killers including some well known felons namely Jack the Ripper, The Butcher of Mons, Martin Marie Dumollard as well as some of the lesser known serial slayers such as Daisy DeMelker, Yoshio Kodaira, Javed Iqbal and many more. The book highlights six dimensions of each case: the killer's, the serial murders, other crimes, communication, the investigation and trial, and punishment of the accused. Readers both general and aspiring criminologists alike will find *Serial Killers Around the World* an interesting resource for critical information on serial murders committed in nations around the world.

Jack the Ripper - Unmasked: The Real Identity of the World's Most Infamous Killer is Revealed at Last William Beadle,2010-06-07 Had the Jack the Ripper murders taken place in 1988 not 1888 then our response to them would have been markedly different Since those dark days in Victorian London we have learnt much about this type of killer their damaged childhoods misfit adulthoods and psychopathic alienation from the human race But can this new knowledge help to solve a mystery that has been eluding generations of policemen and historians By comparing the crimes of the Ripper with those of other serial killers Ripper expert William Beadle creates a more extensive psychological profile of the man behind Jack the Ripper than ever before One suspect who embodied all the dire characteristics was William Henry Bury Bury moved to the East End of London in 1887 He had a terrible childhood he was a horsemeat butcher and he had a violent relationship with his wife But was Bury the Ripper Beadle uses his Ripper psychological profile in conjunction with newly unearthed evidence Bury was out all night on the dates of the murders and when his wife committed suicide she had been strangled and her body ripped up in the same way as the Ripper s victims When Bury was executed for the murder of his wife the killings in the East End stopped A Scotland Yard detective even conceded to the hangman that he was quite satisfied you have hanged Jack the Ripper

Jack the Ripper Trevor Marriott,2007-04-30 There have been countless attempts to solve the brutal murders committed more than 100 years ago by Jack the Ripper but this most famous of British criminal cases finally benefits from a clear professional eye to analyze the evidence with all the benefits of modern investigative techniques Casting aside the rumors fantasies and urban legends which have haunted this case for so long Trevor Marriott produces some startling results while it has long been accepted that Jack the Ripper killed only five women Marriott believes there were up to nine victims Most astonishingly of all a previously unconsidered suspect who also committed murders in America and Germany has been firmly put in the frame All previous theories are refuted in what may possibly be the final word on the Ripper murders
