Horse Girls Halimah Marcus,2021-08-03 A wild rollicking ride into the heart of horse country these essays get at what it means to love horses in all that love s complexity Anton DiSclafani author of The Yonahlossee Riding Camp for Girls A compelling and provocative essay collection that smashes stereotypes and redefines the meaning of the term horse girl broadening it for women of all cultural backgrounds As a child horses consumed Halimah Marcus imagination When she wasn t around horses she was pretending to be one cantering on two legs hands poised to hold invisible reins To her classmates girls like Halimah were known as horse girls weird and overzealous absent from the social worlds of their peers Decades later when memes about horse girl energy began appearing across social media Halimah reluctantly recognized herself The jokes imagine girls as blinkered as carriage ponies oblivious to the mockery behind their backs The stereotypical horse girl is also white thin rich and straight a daughter of privilege Yet so many riders don t fit this narrow damaging ideal and relate to horses in profound ways that include ambivalence and regret as well as unbridled passion and devotion Featuring some of the most striking voices in contemporary literature including Carmen Maria Machado Pulitzer prize winner Jane Smiley T Kira Madden Maggie Shipstead and Courtney Maum Horse Girls reframes the iconic bond between girls and horses with the complexity and nuance it deserves And it showcases powerful emerging voices like Braudie Blais Billie on the connection between her Seminole and Quebecois heritage Sarah Enelow Snyder on growing up as a Black barrel racer in central Texas and Nur Nasreen Ibrahim on the colonialist influence on horse culture in Pakistan By turns thought provoking and personal Horse Girls reclaims its titular stereotype to ask bold questions about autonomy and desire privilege and ambition identity and freedom and the competing forces of domestication and wildness **Meet Cute** Jennifer L. Instagram Marketing Algorithms Michael Gates, 2020-10-06 The way brands communicate with their existing and target audience has undoubtedly transformed One of the main reasons for this transformation is the increase in the popularity of social networking platforms These days an increasing number of brands are using visual media for communicating their brand's message Social media has certainly revolutionized our lives Instagram has stood the test of time and is now one of the most popular social networking platforms today So if your brand isn't already on Instagram then there is no time like the present to get started Instagram has been around for a while but not a lot of people know how to make the most of its features The creators of this platform keep introducing new features along with changes to the algorithm So it is quintessential that you stay on top of all the updates In this book you will learn about the things you need to increase your following on Instagram so you can maximize your profits You will be given information about the different benefits you can reap by using Instagram You will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand's Instagram profile Apart from this you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience Marketing on Instagram and how you can increase your following are also discussed in detail in this book A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world Instagram is great for sharing videos and photos so make sure that when you connect the business with your followers make sure that it stays consistent with your brand rather than straying away or showing things that just don't go together Use your brand or company name in hashtags the hashtags that you pick don't have to be complicated If you already have a pretty good following on Instagram or your brand name is well known go ahead and use this as one of your hashtags This will make it

easier for your followers to find you because they can just search the name and find some of your posts Make a follower famous it is not just about your followers checking out your posts it is about how you interact with your followers Take the time to look over the pages of your followers and then like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not So if you are ready to learn more then let us get started immediately
