Index ,2009 *Kiplinger's Personal Finance* ,2010-08 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics Beijing Review ,2008 **A Philosopher's Guide to Natural Capitalism** Wayne I. Henry,2023-07-07 This book posits that a sustainable future is possible without abandoning Capitalism In its current form as Consumer Capitalism the organization of the global economy is clearly unsustainable But Capitalism is a malleable concept that has assumed a variety of forms since the 17th century and it can be altered as needed In Part I of this book the author sets out an economic model for a sustainable form of Capitalism referred to in the literature as Natural Capitalism In Part II he abandons exposition in favour of rigorous philosophical analysis and critiques the older but still dominant narrative that underlies Classical Liberalism The narrative will be reconstructed with great care and analysed to understand why it has been so powerful and enduring and of course why it is no longer appropriate for our current circumstances In Part III he investigates from a normative perspective Classical Liberalism and globalized Capitalism and the economic system it licenses Finally in the conclusion the author draws the threads of the discussion together in a way that emphasizes the differences between the two narratives Classical Liberalism on the one hand and the contemporary version of Progressive Liberalism that nurtures and supports Natural Capitalism on the other This book will be of interest to a broad range of scholars and curious laypersons interested in a clear and interdisciplinary presentation of the issues arising out of climate change including corporate governance social and

environmental policy declining social capital and the capacity of democratic institutions to deal effectively with sustainability It will be particularly relevant for students and instructors of philosophy history economics political science social policy and environmental sociology <https://wayneihenry.com>
