Exercises The Crab The Crab requires complete control from your core so it will give you a great ab workout It builds on exercises like the Roll Up but is slightly more advanced Start by sitting up straight Bend your knees almost Indian style and cross your feet at the ankles Bring your knees up to your shoulders and grab your feet with your hands Drop your head and allow your spine to curve as you prepare to roll Breathe in and roll back Control the movement Try not to let your limbs flail around Once you roll to your shoulders let go of your feet and switch your feet around Grab your feet again as you prepare to roll up Breathe out and roll forward Inhale as your head touches the mat Roll back to repeat the move Double Leg Kick This move works the back extensors and the hamstrings primarily but it can be a total body exercise as well Start by lying face down with your head turned to one side and your feet together **Pilates Perfect** Dianne Daniels, MA,2003-08-21 Improve your posture increase your flexibility flatten your abs and boost your energy with Pilates Perfect The complete guide to Pilates exercise at home Fitness professional and Pilates instructor Dianne Daniels has combined two cutting edge exercise methods Pilates and Feldenkrais to create a revolutionary workout program that produces real results for people of all fitness levels from Pilates veterans to those who thought they'd never be able to do a Pilates routine in just three workouts a week With Pilates Perfect you will Develop a stronger core Increase your energy levels Build longer leaner muscles Stand taller with better posture Improve your flexibility Pilates Perfect is for everyone These exercises that can be done at home with little or no need to purchase equipment With its Power It Up or Power It Down options every exercise can be customized to your current fitness level Everyone from beginners to serious exercisers will find a workout that's just right **The**
