## **The Sorcerer's Secrets Strategies In Practical Magick:**

**The Sorcerer's Secrets** Jason Miller, 2009-01-01 If you're interested in assuring that you obtain real tangible results with your spells and are willing to put the work into doing so this is definitely the book for you. Completely filled with some amazing insights, ideas, and tips that come from experience. His ideas are some that I've never seen in other books. This book alone completely changed how I approach giving offerings to spirits and deities. Mat Auryn, author of *Psychic Witch*. This book is about real magick effecting real change in a real world. There are some books on magick that teach it purely as spiritual advancement. There are others that teach it as a form of psychological self-help that effects only inner change. While magick can and should be both of these, it is something more. *The Sorcerer's Secrets* is about success in practical magick; it is a book that aims at change in both the outer and inner worlds. Beyond a mere spell book or training course, *The Sorcerer's Secrets* is a field manual on successful sorcery written by a professional sorcerer. The first part of the book lays out the qualities, concepts, and exercises necessary to attempt practical magick. The second part presents clear strategies for tackling almost any type of issue with sorcery. In this book, you will learn how to attack problems from multiple angles, not just by casting a spell. Blend mundane and magickal action to ensure success. Figure out whether what you are doing is working. Fix it if it isn't. Go beyond readings into magickal intelligence gathering. Influence the minds of other people. Work most effectively on behalf of others. *The Sorcerer's Secrets* will help rescue the art of Magick from those who have ignored, downplayed, or just outright denied the existence of practical sorcery in favor of arcane titles, intangible results, and fantasy attainments. **The**

**Witches' Almanac, Issue 35 Spring 2016 - Spring 2017** Theitic, 2015-09-01 Founded in 1971, *The Witches Almanac* is a witty, literate, and sophisticated publication that appeals to general readers as well as hard-core Wiccans. At one level, it is a pop reference that will fascinate anyone interested in folklore, mythology, and culture, but at another, it is the most sophisticated and wide-ranging annual guide available today for the mystic enthusiast. Modeled after the *Old Farmers Almanac*, it includes information related to the annual moon calendar, weather forecasts, and horoscopes, as well as legends, rituals, herbal secrets, mystic incantations, interviews, and many a curious tale of good and evil. Although it is an annual publication, with about 15 percent of the content specific to the date range of each issue, there are pages and pages of interesting and timeless articles about Witchcraft, Wicca, magic, herbalism, charms, spells, and related topics. The theme of Issue 35 Spring 2016-Spring 2017 is air: the breath of life. Also included are articles on Lithuanian Day of the Dead, Nine Elements of the Druids, Tomb Sweeping Day, Kohl, and the Akashic Records. [Mastering Magick](#) Mat Auryn, 2022-10-08 Create

**The Practical Art of Divine Magic** Patrick Dunn,2015-08-08 The ancient world of Egypt Greece and Rome was home to a set of magical and spiritual technologies called theurgy that unite the practice of magic with the aims of religion Theurgy or godwork is the art of creating a stronger bond between the theurgist and his or her deities The results of this stronger bond were imminently practical stronger magic more meaningful existence and a better life With the fall of Rome these techniques faded into obscurity and many of them were lost forever This book revives restores and reinvents these practices for a contemporary pagan or magical practitioner A mixture of scholarly research and examination of source texts and daring experimentation and extrapolation leads to a complete and workable system that can inform a variety of practices all presented in a relaxed lighthearted and readable way Whether you practice witchcraft ceremonial magic or chaos magic you can benefit from the practice of theurgy You will learn techniques to create stronger bonds with divine forces call up and communicate with spiritual beings summon a magical assistant create statues imbued with divine spirit and master your own mind The ultimate goal is union with the divine but theurgy is a practical path and every step on that path is designed to improve your life

**The Elements of Spellcrafting** Jason Miller,2018-01-01 There is no shortage of spells out there Some books highlight thousands of spells but do any of them actually work And how well do they work I don t mean just getting a result I mean getting a result that matters a result that will impact your life or the lives of those you work for The Elements of Spellcrafting provides the most effective and efficient ways to get things done with magic The Elements of Spellcrafting identifies and explains 21 keys to successful sorcery a best practices of sorcery in three sections Principals and strategies for how best to apply magic before you begin Methods and tactics that will ensure a positive outcome How to take spells to the next level building a life of spiritual accomplishment and material success beyond the basics If you have ever cast a spell that didn t work The Elements of Spellcrafting will help you figure out why If you regularly cast spells that seem to work but you still wind up in the same circumstances this book will definitely help you chart a new course for victorious spellcrafting
