Eric J. Holsapple, 2023-03-07 It's time for leaders to join the mindful business revolution and find true success Although the world is currently abuzz with the term mindfulness some believe mindfulness is a fringe activity to be practiced before or after the workday if at all Too few business professionals take the time needed to be present and aware throughout the workday which is counterproductive Dr Eric Holsapple successful developer and entrepreneur has realized the value of mindfulness as not only a path to personal success but as a sound business strategy Mindfulness and Presence can transform business culture improving focus and communication while reducing distractions and stress Holsapple learned this lesson years ago after achieving success as defined by society but still feeling unhappy and stressed In *Profit with Presence* he shares the lessons he learned and his twelve pillars for personal and business success which are easy to understand and implement through practice exercises Holsapple shows that bringing mindfulness to the workplace is an investment that pays out real dividends Readers will learn from his journey along with support from other mindful leaders and research to help them bring mindfulness to themselves as well as their families businesses and communities Now is the time for leaders to invest in the mindful business movement and become part of the solution *Disruption* David Appelbaum, 1996-02-15 This book is about the disruption of the intellect that awakens consciousness to its wholeness and purpose When consciousness is fractured its world making powers are momentarily disrupted In the gap during which spatio temporal categories of thought cease to apply consciousness realigns with that which it is meant to serve The moment of self remembering shocking unique and truthful leaves a call to obedience in its wake To refuse to respond is to cease to be human *The Devil Sure Does*

Vincent Robillard, 2011-10-31 The Devil Sure Does or the mischiefs and misadventures of a mythomaniac globe trotting thief in search for his true identity is a maze of memories which carries the reader from Alaska to New Orleans to New Delhi and The Parisian Catacombs through the eyes of a diabolical and hyperbolical anti hero on run as he recalls the fleeting moments and the significant murders of his decadent life To be read at the second degree with a grain of salt and at your own risk

The Making of a Yoga Master Suhus Tambe,2012-07-23 When Suhas Tambe was initiated into the study and life of a yogi through his Indian spiritual master the Yoga Sutras of Patanjali an age old system of guidance were integral to his training Tambe is now a scholar and longterm practitioner of this esoteric wisdom He is also the first Westerner to reveal the hidden sequence of these sutras which he received from his teacher From the time of Patanjali onward 300 BCE the scrambling of the sequence of sutras was a respected tradition Such deliberate confusion was done with a view to preserving the sanctity of these precious teachings Since interpretation of any sutra must bear reference to and consistency with the previous and the following sutra proper sequence becomes a critical factor fundamental to the use of this time honored scripture The key to the real sequence of Yoga Sutra was handed down verbally by the guru only to the eligible disciple The Making of a Yoga Master reveals this original sequence which has been hidden for so long Far more than an instruction manual this book is also about one seeker's progression The author who began his search entrenched in materialism he was an accountant with an MBA working in IT was transformed into a devoted Yoga practitioner This path thoroughly changed his life s priorities evolved his purpose and dissolved old habits in a way that will be inspiring to many Yoga not just entered my life he writes but now it is my life The clear and sequential stages of transformation through yoga are documented here as perhaps nowhere else in contemporary literature This new sequence unfolds a practical road map for knowing and practicing the elevation of the seeker's awareness from the physical to more subtle and refined levels and designates observable milestones to determine one's progress on the path The Making of a Yoga Master marries the philosophy of Yoga with clear how to instructions
