## **The Strategic Dividend Investor:**

**The Strategic Dividend Investor** Daniel Peris, 2011-04-22 TIRED OF THE STOCK MARKET S UPS AND DOWNS Get off the Wall Street roller coaster with strategic dividend investing There s a big difference between investing in the stock market and investing in companies through the stock market The Strategic Dividend Investor shows you why over the long run investing in companies with high and rising distributions is far superior to playing the market Responsible for 4 5 billion in dividend anchored portfolios Daniel Peris demonstrates that for most investors buying a stock in the hope of making a quick buck by selling it in a few weeks or months is far from the best way to create wealth Instead you should use the stock market as a means of receiving a share of excess profits dividends from corporations in which you own stock Over time those payments and the growth of those payments represent the vast majority of stock market returns The Strategic Dividend Investor outlines the key issues you need to address in order to create a solid dividend portfolio including how to View the stock market as a business venture rather than as a platform for speculation Strike the right balance between current yield and dividend growth Learn to assess the ability and inclination of a company to pay and increase its dividends over time The real key to mastering the stock market is to take the stock out of the equation and treat your outlay as you would any other business investment with an eye to the long term and to cash returns By contrast the buy low sell high repeat frequently philosophy foisted on the investing public has been wrecking portfolios on Main Street for decades all the while generating big profits for Wall Street But after a decade of mediocre returns from the stock market highlighted by two dramatic crashes now is the time to refocus your portfolio on dividends and The Strategic Dividend Investor will show you how Praise for The Strategic Dividend Investor Peris is way out in front of the Wall Street pack His book makes a case for dividend driven investing that no one in this back to basics era should ignore Josh Peters Editor The Morningstar Dividend Investor Peris is a leading portfolio manager in the dividend investing space and his results and insights add tremendous value to any portfolio Whether you re an individual investor or an institution portfolio manager The Strategic Dividend Investor is an absolute must read in this challenging market environment Don Dion President Dion Money Management and Editor The Fidelity Independent Adviser In this lively and persuasive polemic Daniel Peris forcefully reminds us what equity investing is really all about SHOW ME THE MONEY Ian Kennedy former Director of Research Cambridge Associates Makes the strongest cases I ve ever seen for relentlessly investing in dividend stocks and funds that own them Kiplinger s The Dividend Imperative: How Dividends Can Narrow the Gap between Main Street and Wall Street Daniel Peris, 2013-04-05 IF YOU RE INVESTED IN THE FUTURE OF THE STOCK MARKET THIS IS YOUR WAKE UP CALL You ve seen the markets swing from bubble to scandal and back again You ve watched the divide between Wall Street and Main Street grow larger each year You ve wished there was a strategic approach to investing that strengthened portfolios benefited companies and bolstered the economy as well The answer according to business investor Daniel Peris is simple You need to focus on dividends Investors need to

demand bigger dividends and U S corporations need to pay out more of their profits as dividends This is THE DIVIDEND IMPERATIVE A powerful new call to action for investors and corporate leaders by the acclaimed author of The Strategic Dividend Investor Peris makes a compelling case that investors and companies need to focus more on dividends which have accounted for the lion's share of stock market returns John Heinzl Toronto Globe Mail All investors and corporate leaders can benefit from Peris's simple insight J Christopher Donahue CEO Federated Investors

**Your Ever Growing Income: The Rising Yield on Investments** Henry Mah, 1900 This is the Canadian Edition Are you tired of trying to Beat the Market or paying some else to manage your investments which don't seem to be going anywhere Let me teach you a simpler method of investing one that makes sense is easy to implement and one where you'll earn a growing income whether the market is going up or down I'll provide you with a method of stock evaluation that identifies quality income growth stocks and show you how to build an investment portfolio easily and without worrying about the market You won't be constantly looking for new stocks to buy worrying when stock prices fall or trying to decide when to sell You'll learn to ignore the market fluctuations and the value of your portfolio and you won't have to wait until the end of the year to see if your investment strategy is working Your income growth will be updated each month or quarter Yes investing can be that easy Don't play their game of trying to out guess the market play yours With this book we are not going to play their price game Certainly the goal is to purchase stocks but we'll change the game so that it works to your benefit by providing you with results that are measured not by price or the direction of the market but with you having greater control over your returns where you will be able to see those returns grow We're not going to play their game of needing to beat the market rather we'll play our own game with our own rules ignoring the market altogether

**The Ownership Dividend** Daniel Peris, 2024-01-31 We are on the verge of a major paradigm shift for investors in the U S stock market Dividend focused stock investing has been receding in popularity for more than three decades in the U S once the dominant investment style it is now a boutique approach That is about to change The Ownership Dividend explains how and why the stock market drifted away from a mostly cash based returns system to one almost completely driven by near term share price movements It details why the exceptional forces behind that shift notably the 40 year drop in interest rates and the rise of buybacks are now substantially exhausted As a result the U S market is poised for a return to the more typical business like relationships observed in the private sector and in other mature markets around the world While many market participants have profited from and become used to the way things have been in recent decades savvy individual investors financial advisors and even institutional portfolio managers will want to position themselves to benefit from the reversion to cash based investment relationships in the years ahead This is a must read book for financial advisors institutional consultants as well as engaged individual investors

*The Strategic Dividend Investing* Rhett Pirtle, 2021-07-12 Good book for beginning dividend investors Lays out the basics in a manner a novice investor can understand Adds personal reference story to his message which gives the reader

a good understanding of how consistent investing should work Simple Investing is written for those investors who are looking to understand and master The Dividend Investing Strategy This strategy is perfectly suited for intellectually curious types who are looking to build up a passive income portfolio out of the extra capital they are accumulating through their daily income efforts

*The Many Futures of a Decision* Jay Lampert,2018-06-28 Combining two central topics in philosophy in the 20th Century this book considers the ethics and impact of decision making alongside the philosophy of time When we make simple decisions like the decision to wake up at 8 a m tomorrow we make use of a linear model of the future But when we make open ended decisions like the decision to get fitter or more involved in politics we presuppose a much more complex model of the future We project a variety of virtual futures We can carry out a decision in many different ways at once which may converge and diverge at different points in time Using a phenomenological approach The Many Futures of a Decision explores what we learn about the structure of the future specifically from decision making Most theories of decision concentrate on the rationality the evidence and value assessments that build up grounds for a rational decision Instead this book innovatively engages with the nature of the future as a multi layered decisions project Through interpretations of the theories of decision in philosophers like Husserl and Heidegger Schmitt and Habermas Derrida and Deleuze along with other decision theories Lampert develops an original theory of multiple futures

**The 7% Solution** John H. Graves,2012-04 You CAN afford a comfortable retirement If you enjoy working in your garden in your kitchen or in your garage you will enjoy managing your retirement portfolio

*The Dividend Investor and Imperative EBOOK BUNDLE* Daniel Peris,2013-09-20 TWO E BOOKS IN ONE The Strategic Dividend Investor Responsible for 4.5 billion in dividend anchored portfolios Daniel Peris demonstrates that for most investors buying a stock in the hope of making a quick buck by selling it in a few weeks or months is far from the best way to create wealth Instead you should use the stock market as a means of receiving a share of excess profits dividends from corporations in which you own stock Over time those payments and the growth of those

payments represent the vast majority of stock market returns The Dividend Imperative The The Dividend Imperative a bold new vision for anyone interested in having a stronger broader and healthier stock market for everyone If you're invested in the future of the stock market this is your wake up call Dividends are not the problem They're part of the solution

*The Strategic ETF Investor: How to Make Money with Exchange Traded Funds* Scott Frush,2012-06-11 Construct a winning portfolio with ETFs one of the lowest risk highest profit investment vehicles today The Strategic ETF Investor shows you how to design and manage a solid profitable portfolio using ETFs as a core holding You'll master the critical skills of asset

allocation and portfolio rebalancing and learn how to capture high returns under any market condition without exposing yourself to unacceptable risk Scott Paul Frush CFA CFP MBA is an investment advisor with the Frush Financial Group of Lincoln Financial Advisors where he engineers constructs and manages highly diversified low cost tax efficient ETF portfolios

**Philosophy of the Short Term** Jay Lampert,2023-12-14 The concept of the short term involves a complex network of

quantitative qualitative and operational ideas It is essential everywhere from the ontology of time to the science of memory to the preservation of art to emotional life to the practice of ethics But what does the idea of the short term mean What makes a temporal term short What makes a time segment terminate Is the short term a quantitative idea or a qualitative or functional idea When is it a good idea to understand events as short term events and when is it a good idea to make decisions based on the short term What does it mean for the nature of time if some of it can be short Jay Lampert explores these questions in depth and makes use of the resources of short as well as long term processes in order to develop best temporal practices in ethical aesthetic epistemological and metaphysical activities both theoretical and practical The methodology develops ideas based on the history of philosophy from Plato to Hegel to Husserl to Deleuze interdisciplinary studies from cognitive science to poetics and practical spheres where short term practices have been studied extensively from short term psychotherapy to short term financial investments Philosophy of the Short Term is the first book to deal systematically with the concept of the short term

The Dividend Imperative: How Dividends Can Narrow the Gap Between Main Street and Wall Street Daniel Peris, 2013-04-02 IF YOU RE INVESTED IN THE FUTURE OF THE STOCK MARKET THIS IS YOUR WAKE UP CALL

DIVIDENDS ARE NOT THE PROBLEM THEY RE PART OF THE SOLUTION Forget the Great Recession According to fund manager and author Daniel Peris the real threat to investment returns from stocks is the Great Retreat a 30 year drop in the dividend payout ratio of the leading corporations in the United States that has rendered the U S stock market a grand casino rather than a business investment platform Peris believes that profit distributions the dividends of publicly traded corporations are the greatest indicators of a business s success Investors and company executives should focus on them This is The Dividend Imperative a bold new vision for anyone interested in having a stronger broader and healthier stock market for everyone If you re a personal investor this book will show you how to identify and invest in companies that value shareholders by rewarding them with ample growing dividends If you re a portfolio manager this book will help you shift your focus from near term earnings to long term dividends even if it goes against conventional wisdom If you re a business leader this book will show you how to restore trust and confidence in the corporate world the stock market and the future of investing This is no get rich quick scheme or one size fits all money guide It is a realistic tightly reasoned approach to dividend investing that could have far reaching effects on Main Street and Wall Street alike Using real world case studies and analytic models Peris shows investors and companies that concentrating on dividend generation and growth can lead to mutually rewarding results You ll learn why stocks go up when dividends go up and what it means to a company s bottom line You ll discover practical financial tools for assessing the value of higher dividend payouts and determining the value of a dividend growth trajectory Even if your direct stock market experience has been disappointing or your mutual funds have performed poorly in recent years refocusing your efforts on dividend strategies can provide just the vision you need to achieve long term success with your investments This is what business is all about This is how investors and companies can

share profits build trust and create opportunities for the future This is The Dividend Imperative You ve seen the markets swing from bubble to scandal and back again You ve watched the divide between Wall Street and Main Street grow larger each year You ve wished there was a strategic approach to investing that strengthened portfolios benefited companies and bolstered the economy as well The answer according to business investor Daniel Peris is simple You need to focus on dividends Investors need to demand bigger dividends and U S corporations need to pay out more of their profits as dividends This is THE DIVIDEND IMPERATIVE a powerful new call to action for investors and corporate leaders by the acclaimed author of The Strategic Dividend Investor Peris s ideas about aligning interests through higher dividend payments may be counter to current Wall Street wisdom but savvy investors should trust Peris to guide them toward a strategy that focuses on generating strong long term returns JOHN EADE President Argus Research Peris makes a compelling case that investors and companies need to focus more on dividends which have accounted for the lion s share of stock market returns JOHN HEINZL Toronto s The Globe and Mail If you re a shareholder and not a near term shareseller you deserve a better deal Most companies can afford to pay higher dividends Here s why they should Investors who like cash should cheer for Peris JEFFREY KOSNETT editor of Kiplinger s Investing for Income The book is a rallying cry for long term investors to regain their rightful position using a simple but very powerful tool that they have at their disposal demand for increased dividends WILLIAM LYONS CFO CONSOL Energy      **The Strategic Investor** Douglas Hamilton Bellemore,1963      **The Strategic Investment Decision** Roger Oldcorn,David Parker,1996 This is the first book to bring together the latest techniques in financial investment appraisal with strategic vision The book introduces a new generation of financial and non financial techniques to give the executive a more powerful and sophisticated decision making framework It will bring together NVP and option analysis quantitative and qualitative issues rate of return and gut feel strategy and finance      United States Investor ,1903      Standard & Poor's Stock Reports ,2010-07      **The Mining Investor** ,1910      *The Strategic Bond Investor, Third Edition: Strategic Tools to Unlock the Power of the Bond Market* Anthony Crescenzi,2021-01-19 The bestselling bond investing classic updated to help you profit today and position yourself for the post COVID era and decade ahead Since the 2008 global financial crisis the investing world has changed radically Credit is more difficult to access populations across the world are aging and economic growth has been tepid And now the global pandemic has shaken the global financial system to its core Investors are facing a future where structural rather than cyclical change will have greater impact on financial markets In this new edition of The Strategic Bond Investor you ll find everything you need to generate profits while mitigating risk in the new normal PIMCO Executive Vice President and lead investing strategist Anthony Crescenzi explains how deeply the bond market impacts the global economy the best ways to invest in bonds and how to read this market to inform your overall strategy Along the way Crescenzi provides unique and invaluable insights into the role of the bond market in recent economic crises both 2008 and 2020 in an era of the rise of socially responsible investing and at a

### **The Strategic Dividend Investor Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Strategic Dividend Investor has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Strategic Dividend Investor has opened up a world of possibilities. Downloading The Strategic Dividend Investor provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Strategic Dividend Investor has democratized knowledge.

Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Strategic Dividend Investor. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Strategic Dividend Investor. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Strategic Dividend Investor, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and

validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Strategic Dividend Investor has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
