## **The Supremacy Of Christ In A Postmodern World:**

The Supremacy of Christ in a Postmodern World John Piper, David F. Wells, D. A. Carson, Voddie Baucham Jr., Timothy Keller, 2007 Believers who wish to thrive in a postmodern world must cling to the joy truth and love that comes only from understanding Christ and his ultimate purpose in this world      *A Definition and Critique of Postmodernism* Bruce Proctor, 2012 Bruce A Proctor is a native of Dallas Texas but spent most of his youth growing up in Los Angeles California He graduated from Oklahoma Christian College B A in 1973 from Dallas Theological Seminary Th M in 1981 and Louisiana Baptist University Ph D in 2011 Bruce has held various ministerial positions including pastor youth counselor and pastor prison ministry leader and college professor Bruce has taught Bible Exposition Theology Old and New Testament history and Church History at various Christian schools Southern Bible Institute D Edwin Johnson Bible Institute both in Dallas TX True Vine Baptist Bible Institute in Spencer OK and at the Ministry Training Institute an extension of Oklahoma Baptist University in Shawnee OK Bruce and his wife Patricia reside in San Antonio Texas They have eight adult children Postmodernism is difficult to define because it rejects absolute meaning However I found it worth trying to define it by looking at other authors attempts to define it It was easier for me to describe than define it Much discussion is also given to the definition of the emergent church movement including its fundamental tenets and marks along with signs of drifting toward it Next the idea of postmodernism is weaved into the description of condemned mankind according to Romans 1 18 32 The description given is clearly relevant to the postmodern mindset as men who suppress the truth in unrighteousness verse 18 In my conclusion I discuss the power of truth and the loss of truth due primarily to a loss of focus However in the Person of Jesus Christ Truth arose from the dead and marches on victoriously despite the postmodern spirits of delusions      *The Tabernacling Presence of God* Susan Booth, 2015-09-18 Although a large majority of believers agree that they should share their faith most report that they in fact do not That s not really all that surprising given today s pluralistic cultural setting But maybe this same culture s longing for transcendence community and a place to call home points to a backstory that makes sense of it all If such a narrative exists it deserves a hearing and those who know and live this story have both the responsibility and privilege of sharing its message of hope The narrative of the Bible tells just such a story where God s purpose from the beginning has been to dwell or tabernacle in the midst of the people he has created This book traces the theme of God s tabernacling presence across Scripture reading the story afresh through a missional lens in order to gain insights for mission and gospel witness The hope is that readers will awaken wide eyed to the wonder of God s tabernacling presence in our midst that we will live in such a way that others recognize this reality and that we will boldly and joyfully share the good news of Jesus under the direction and power of his indwelling Spirit      *Crossroads* Robert J. A. Doornenbal, 2012      **A Call to Resurgence** Mark Driscoll, 2013-11-05 It s tempting to believe that the Christian faith is alive and well in our country today Our politicians talk about God Our mega churches are filled Christian schools dot our landscape Brace yourself It s an illusion

Believe it or not only 8 percent of Americans profess and practice true evangelical Christian faith There are more left handed people than evangelical Christians in America In this book Mark Driscoll delivers a wake up call for every believer We are living in a post Christian culture a culture fundamentally at odds with faith in Jesus This is good and bad news The good news is that God is still working redeeming people from this spiritual wasteland and inspiring a resurgence of faithful believers The bad news is that many believers just don t get it They continue to gather exclusively into insular tribes lobbing e bombs at each other in cyberspace Mark s book is a clarion call for Christians It s time to get to work We can only do this if we unite around Jesus and the essentials found in his Word while at the same time appreciating the distinctives within each Christian tribe Mark shows us how to do just that This isn t the time to wait or debate Join the resurgence **Church on the Way**

*Loving God with All Your Mind* Gene Edward Veith Jr.,2003-10-07 Our world is alive with fascinating new ideas discoveries and technologies But for Christians this can also present problems especially when the values of postmodernism and secular university life conflict with basic Christian principles What should Christians do when their beliefs come under attack in the classroom or the public square *Loving God with All Your Mind* shows us that the answer is neither wholesale rejection of intellectual life and culture nor blind acceptance of it The answer lies in understanding that Jesus is Lord of all of life and that everything in life must be carefully viewed in the light of what Christ s lordship means Gene Edward Veith unfolds a dazzling critique of the postmodern intellectual world and culture He affirms the part that is good and true but he also shows crucial weaknesses that have such a hold over contemporary thought This book shows Christians how to survive and flourish in a postmodern world while affirming the truth of the Christian faith

Jesus Christ in History and Scripture Edgar V. McKnight, 1999 Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus The first part of the book shows that precritical critical and postcritical epochs and attitudes all alive today support different sorts of knowledge concerning Jesus historical reconstructions historic memory and appropriations imaginative poetic and artistic creations and theological formulations and that the Gospels themselves Support different sorts of knowledge and approaches The Gospels were composed by Christians who combined historical information and historic memory in imaginative ways to present a Jesus who was relevant to their congregations as he was to the earliest disciples The creative contribution that readers of the Gospels make in their reconstructions of Jesus is a recapitulation of the creative activities of the earliest evangelists The central section of the book provides a philosophical rationale for correlating the historical critical methods of biblical scholars and the rationalist methods of theologians and for correlating these modern Enlightenment modes of knowledge with feeling lived experience and praxis It also traces the attempts to do justice to the historical Jesus with particular attention to the different philosophical and theological presuppositions supporting the different attempts A final section discusses the values of non foundationist hermeneutical approaches for the broader questions of the use and authority of the

Bible In the end ecumenical rather than divisive approaches are advocated Different ways of doing church and different ways of discovering and creating truth demand an ecumenical approach      **From Modernist Transcendence to Postmodern Immanence** Mary Katherine Kochlefl, 2003      **Dharma World** , 1987      **Good News from the Barrio** Harold J.
