The Tea Party Goes To Washington:

The Tea Party Goes to Washington Rand Paul, 2011-02-22 If the midterm elections were a declaration of war on the status quo Rand Paul leads the battle charge. Voters fearful of growing government and debt have found voice in the Tea Party phenomenon and the movement continues to deliver a message that Washington D C has found impossible to ignore. In **THE TEA PARTY GOES TO WASHINGTON** the newly elected senator and self described constitutional conservative explains why his party has to stand by its limited government rhetoric and why the federal government must be stuffed back into its constitutional box. Given the problems our nation faces these are not mere suggestions but moral imperatives. Rand Paul and those who voted for him want to stop borrowing and the bailouts and entitlements and the spending. In **THE TEA PARTY GOES TO WASHINGTON** you'll learn The history of the Tea Party and why it isn't extreme. How both parties operate outside the Constitution Rand's plan for a balanced budget. Why the Tea Party will endure. Now is the time to get America back on track this is the moment of the new revolution that will take us back to our grass roots to the country of our founding fathers. It's a new day in Washington as the Tea Party graduates from populist outrage to political influence. Rand Paul stands poised to become one of its greatest champions.

Not Politics as Usual Rand Paul, 2012-08-07 Millions of concerned Americans found their voice in the Tea Party movement and have rallied to support one of its most vocal champions. Rand Paul. In **NOT POLITICS AS USUAL** Senator Rand Paul describes how fear over big government might have inspired the Tea Party but also demonstrates how this grassroots movement is independent and critical of both parties and why it must remain so. Paul took on the Republican Party establishment from the Kentucky and national GOP machine to the former vice president to win underdog victories thank to an electorate eager for real reform and fed up with politics as usual. Bank bailouts bankrupt entitlements borrowing billions from the next generation to pay for this one. Paul takes these problems and more head on offering conservative correctives and sound solutions. An ophthalmologist by trade Dr Paul's prescription of constitutional conservatism harkens back to the Founding Fathers and the Republican Party of Barry Goldwater and Ronald Reagan. **NOT POLITICS AS USUAL** is custom made for Americans looking to the wisdom of their forefathers to address the government and economic madness of our times.

Necroculture Charles Thorpe, 2016-06-24 In this book the author draws on Karl Marx's writings on alienation and Erich Fromm's conception of necrophilia in order to understand these aspects of contemporary culture as expressions of the domination of the living by the dead under capitalism. Necroculture is the ideological reflection and material manifestation of this basic feature of capitalism the rule of dead capital over living labor. The author argues that necroculture represents the subsumption of the world by vampire capital. *The Rise of the Tea Party* Anthony DiMaggio, 2012-11-01 What to make of the Tea Party. To some it is a grassroots movement aiming to reclaim an out of touch government for the people. To others it is a proto fascist organization of the misinformed and manipulated lower middle class. Either way it is surely one of the most significant forms of reaction in the age of Obama. In this definitive socio

political analysis of the Tea Party Anthony DiMaggio examines the Tea Party phenomenon using a vast array of primary and secondary sources as well as first hand observation He traces the history of the Tea Party and analyzes its organizational structure membership ideological coherence and relationship to the mass media And perhaps most importantly he asks is it really a movement or just a form of manufactured dissent engineered by capital DiMaggio s conclusions are thoroughly documented surprising and bring much needed clarity to a highly controversial subject

Second Edition Bill Miller,2012-08 Our American government began with a revolutionary idea Alexis de Tocqueville called the evolutionary process of revolution wherein society evolves and institutes sweeping changes in government The government of the United States was the most unique creation of human history since it was an actual collaboration between Nature and the Individual for Nature and the Individual with the express purpose of facilitating and improving that relationship It took all of humanity s history its successes and failures along with Nature s tools of inspiration and evolution for the conception to manifest itself until a government of the Individuals by the Individuals for the Individual had come into being The individual citizens of the United Colonies were living in a state of grace with nature and the society they made up created a clear mirror image of themselves including internal equilibriums intended to preserve their self actualization process A few years later another revolution took place one de Tocqueville would call the political kind This revolution occurred in France it would be the precursor for many other modern revolutions wherein one Centralized Collective Authority replaces another and where government attempts to impose its will on society Today in America this spiritual battle continues On one side is the Tea Party Patriots carrying on the spiritual tradition of our Founders and Framers on the other side those who look toward the archaic Eurocentric and Asiatic concepts of an all powerful Centralized Collective Authority
