Section 1: Identification

Identifies the chemical on the SDS as well as the recommended use. It also provides the essential contact information of the supplier.

Section 2: Hazard Identification

Identifies the hazards of the chemical presented on the SDS and the appropriate warning information associated with those hazards.

Section 3: Composition/Information on Ingredients

Identifies the ingredient(s) contained in the product indicated on the SDS, including impurities and stabilizing additives. This section includes information on substances, mixtures, and all chemicals where a trade secret is claimed.

Section 4: First Aid Measures

Describes the initial care that should be given by untrained responders to an individual who has been exposed to the chemical.

Section 5: Fire-Fighting Measures

Provides recommendations for suitable and unsuitable extinguishing methods for fighting a fire arising from hazardous products.

Section 6: Accidental Release Measures

Provides recommendations on the appropriate response to spills, leaks, or releases, including containment and cleanup practices to prevent or minimize exposure to people, properties, or the environment. It may also include recommendations distinguishing between responses for large and small spills where the spill volume has a significant impact on the hazard.

Section 7: Handling and Storage

Provides guidance on the safe handling practices and conditions for safe storage of chemicals.

Section 8: Exposure Controls/Personal Protection

Indicates the exposure limits, engineering controls, and personal protective measures that can be used to minimize work exposure.

Section 9: Physical and Chemical Properties

Identifies physical and chemical properties associated with the substance or mixture.

Section 10: Stability and Reactivity

Describes the reactivity hazards of the chemical and the chemical stability information. This section is broken into three parts: reactivity, chemical stability, and other.

Section 11: Toxicological Information

Identifies relevant toxicological health effects and the data used to identify these effects including information on the likely routes of exposure (inhalation, ingestion, skin and eye contact) and symptoms related to the physical, chemical and toxicological characteristics.

Section 12: Ecological Information (non-mandatory)

Provides information to evaluate the environmental impact of the chemical(s) if it was released to the environment.

Section 13: Disposal Considerations (non-mandatory)

Provides guidance on proper disposal practices, recycling or reclamation of the chemical(s) or its container, and safe handling practices. To minimize exposure, this section should also refer the reader to Section 8 (Exposure Controls/Personal Protection) of the SDS.

Section 14: Transport Information (non-mandatory)

Provides guidance on classification information for shipping and transporting of hazardous chemical(s) by road, air, rail or sea.

Section 15: Regulatory Information (non-mandatory)

Identifies the safety, health, and environmental regulations specific for the product that is not included anywhere else on the SDS. The information may include any national and/or regional regulatory information of the chemical or mixtures (including any OSHA, Department of Transportation, Environment Protection Agency, or Consumer Product Safety Commission regulations).

Section 16: Other Information

Indicates when the SDS was prepared or when the last known revision was made. The SDS may also state where the changes have been made to the previous version. It may wish to contact the supplier for an explanation of the changes. Other useful information also may be included here.
