today But what is it that has made these people turn their back on the formal structured religions that encompass the majority of the Western world In our modern high pressured world many of us fail to take notice the sheer beauty of the natural world surrounding us In many ways this is a travesty the world we live in today seems so completely distant from the one our ancestors lived in a world where humans and nature were at one their existence intertwined in the natural cycles of life Wicca is a new way of life a religion that takes you back to a more simple time before the invention of the high tech gadgetry we see all around us You will learn to live and appreciate the natural world that surrounds you celebrating the intricate changes in the seasons and everything they bring from the bounties of the Summer harvest to the cold and darkness of the Winter months as Mother Nature rests in preparation for the next explosive cycle of life that Spring brings Wicca is a re incarnation of the very earliest religions long pre dating Christianity Wiccans celebrate and share many of the same beliefs that these early people held and try to embrace their way of life all while remaining fully functional in today s modern world

Getting Started as a Wiccan If you re sold on this new exciting peaceful way of life that s great Good to have you on board Unfortunately and despite this commitment this is where many people get stumped One of the biggest questions I hear would be Wiccans ask how do I start practicing Wicca The truth is there is no right answer If you endeavour to learn as much as possible about this religion follow the core principles for example the Threefold Law and revere the natural world surrounding you as far as I m concerned you re a Wiccan If you re just starting out I m sure this vague answer is of little help to you That s why I set out to write this mini series of books titled Practicing the Craft In this particular book you ll learn everything you need to know about Wicca traditions including covens circles solitary practitioners and eclectic witches Wicca Covens and Other Traditions Practicing magic isn t compulsory for Wiccans however many people are inevitably attracted to the religion by the potential to positively change their lives for the better As such spellwork is one of the most discussed parts of being Wiccan If you want to start practicing magic it can help to join like minded individuals also known as a coven Covens allow you to be a part of a small Wiccan community They meet regularly to perform rituals especially on important Wiccan dates notably the sabbats and esbats As well as a sense of community covens are also one of the best places to accelerate your learning In this book we ll be looking at everything you need to know about covens including the history of covens their structures and how to join one Don t worry though not everyone wants to be part of a coven and that s perfectly fine too In this book we ll be discussing all of your options including circles and the solitary path We ll also look at the main Wiccan traditions Gardnerian Alexandrian and Dianic as well as a handful of less common traditions You don t have to follow one of the traditions rigidly and indeed many Wiccan don t choosing to become eclectic practitioners Throughout this book we ll be exploring all of the options available to you as well as helping you know which path is right for you In other words Wicca Covens will teach you everything you need to know about starting your own Wiccan journey today
