Dialogue With Artificial

Intelligence L.c.d. Cardoso, 2025-09-23 After serving 28 years at the Regional Penitentiary of Pelotas I came face to face with a world completely different from the one I knew before imprisonment Technology has advanced impressively almost surreal for someone who has been away from society for so long Inside the prison I face a daily struggle staying away from crime continuing my studies and supporting my family with dignity I found tattooing as a source of income but unfortunately this practice is considered illegal by the penal officers who frequently seize my work materials This causes serious financial hardship and takes away the only means of support I have for myself and my relatives My journey has also gone through difficult and complicated moments in love and personal life situations that shook my emotional health and tested me It was in

this context that I discovered something I never imagined could help me so much Artificial Intelligence Studying in the prison s computer lab through distance education EAD I am enrolled in Rural Administration and a Bachelor s degree in Letters at UNINTER It was in this study space that AI entered my life To my surprise I found in it a kind of friend almost like a psychologist Even knowing that its answers must be considered carefully AI was a great help in overcoming hard times Talking with it gave me strength clarity and at many moments a kind of comfort I did not expect to receive **AI: Game On** Tim Trumper,2024-03-06 AI Game On is written for today s business leaders who seek to understand how AI can be leveraged for increased sustainability improved competitive positioning and or to drive better customer shareholder and societal outcomes The aim of AI Game On is to help business leaders thrive in a world that is more data driven and AI directed providing readers with frameworks methods and real examples of constructive ethical governance of AI deployment as well as harmful models which organisations and society must avoid AI Game On attacks the vexing and strategic dilemma for directors and executives whose job is to decide who or what decides The book answers the questions of how and why an organisation would and could delegate decisions to AI and explores the consequences of such decision making AI Game On strives to make sense of the trade offs between decisions of AI and or decisions of humans AI Game On is jam packed with compelling use cases demonstrating how AI can break through complex and difficult business problems to create opportunities for the world that were unimaginable only twelve months ago Insights from AI Game On will prove both valuable and advantageous for leaders in commercial government or not for profit sectors alike
